Natural Causes Inspector Mclean:

Natural Causes James Oswald, 2013-10-08 Edinburgh Detective Inspector Tony McLean is drawn into a set of cases separated by six decades but connected by a macabre and brutal ritual killing in the first entry of the Detective Inspector MacLean mystery series A young girl's mutilated body is discovered in a room that has lain sealed for the last sixty years Her remains are carefully arranged in what seems to have been a macabre ritual For newly appointed Edinburgh Detective Inspector Tony McLean this baffling cold case ought to be a low priority but he is haunted by the young victim and her grisly death Meanwhile the city is horrified by a series of bloody killings deaths for which there appears to be neither rhyme nor reason and which leave Edinburgh's police at a loss McLean is convinced that these deaths are somehow connected to the terrible ceremonial killing of the girl all those years ago It is an irrational theory And one that will lead McLean closer to the heart of a terrifying and ancient evil
