

ELEMENTS OF THE ELECTRONIC KEYBOARD 2019-2022 SYLLABUS

THIRTY ELECTRONIC KEYBOARD 2019-2022

Each electronic keyboard exam has three sections: pieces, technical work and supporting tests. Here we take a look at the different requirements for each grade.

Pieces

The new syllabus has all new performance repertoire for electronic keyboard, covering a wide range of styles at all grades. These include popular classics, show tunes, film themes, jazz, folk and world music.

We have adapted the syllabus to include more choices for Grades 4-6 as well as an alternative list at each level.

PIECES 40 MARKS
Choose three pieces from contemporary and contemporary, each worth 13 marks

TECHNICAL WORK 10 MARKS
A technical exercise based on a scale, followed by other scales to test knowledge of technical exercises

SUPPORTING TESTS 20 MARKS
A combination of two tests from sight reading, music improvisation, musical knowledge, depending on grade and candidate choice

- Grade 4: **BACKSTAGER**, He's a Pirate from Pirates of the Caribbean
- Grade 5: **HEARTZ**, Unholy Party from La La Land

Technical work

The technical work for electronic keyboard is now more authentic than ever. All candidates will perform a keyboard exercise concept which helps learners gain an essential understanding of playing and hearing common chord progressions.

Candidates then choose either scales and chord knowledge, or exercises. The newly revised scales and chord knowledge reflects the types of modes, pentatonic, blues and whole note scales that composers use in these styles of music, so that candidates develop the technique to support their performance of the repertoire. The keyboard exercises also explore scales, modes, chord progressions and physical technique, so that whichever option they choose, they are building their knowledge of keyboard technique. These cover the two styles of playing needed by keyboard players, pianistic playing and electronic keyboard specific skills such as recreating other instrument sounds and playing to sequenced material.

An exciting addition to the syllabus is the new sequencing option as an exercise for Grades 4-6. Any sequencing option is an exercise for Grades 4-6. Any

Supporting tests

The refreshed and expanded repertoire and technical work helps candidates to really explore the keyboard and develop the professional skills they need to progress through the grades.

Because of this, we have kept the structure of our supporting tests for electronic keyboard the same as in the previous syllabus. Tests continue to offer candidates the option of choosing two supporting tests from four options: sight reading, music improvisation and musical knowledge.

Exam structure and mark scheme

Section	Grade	Mark	Weighting
Pieces	Grades 1-6	40	40%
Technical work	Grades 1-6	10	10%
Supporting tests	Grades 1-6	20	20%
Total	Grades 1-6	70	70%
