Beauchamp, Norman E. Bowie, Norman L.

Bowie,2013-11-01 An anthology of readings legal perspectives and cases in business ethics Ethical Theory and Business provides students with a strong understanding of ethics in business Case studies a discussion of ethical theory and a diverse range of perspectives on specific topics give students the tools needed to address ethical situations in business and challenge them to think for themselves Learning Goals Upon completing this book readers will be able to Reflect on ethical and sustainable business practices Understand the role of ethics in all function areas of business including management marketing international business human resources finance and accounting Discuss the most pressing issues confronting business leaders today **Ethical theory and business** Tom L ed Beauchamp,1983 **Sustainability and Design**

**Ethics, Second Edition** Jean Russ,2018-11-12 Sustainability as a concept remains just as challenging and important today as it was when the first edition of this book was published The Second Edition of Sustainability and Design Ethics explores the ethical obligations of knowledgeable people such as design professionals taking into consideration the numerous changes that have taken place in recent years This book expands the growing discussion on the principles of sustainability to further include the role of businesses and governments and considers the general recognition that modern society has occurred at the expense of nature with significant social and environmental impacts Are there limits to the individual s ethical obligation How do such obligations change or adapt to a world of sustainable design As the shift toward sustainability proceeds designers ethical underpinnings will be confronted with a wider range of people and concerns whose interests must be weighed The design professionals are likely to be among the lead in the shift toward sustainability because of the special knowledge and expertise provided to them by their education experience and distinctive position in society The entire world of design is being reassessed and the guiding principles and ethics of design reflect this change New to the Second Edition Expanded international scope that includes a comparison of professional organizations in the EU Australia Canada Japan and China Discusses how cultural differences between the West and China result in different underlying foundations for professional ethics Revised analyses to reflect changes in regulatory and technical areas such as the inevitable rise of artificial intelligence in design Updated arguments reflecting the need for sustainability and the designer s role and obligations Updated references pertaining to the progress of sustainable design and development Sustainability and Design Ethics Second Edition is an attempt to explore the ideas and principles that might contribute to the thinking of thoughtful design professionals The emergence of green design discussed in this book is used to evidence progress but also to demonstrate the degree to which more is needed *Social Norms and the Theory of the Firm* Douglas E.

Stevens,2018-10-18 Demonstrates the importance of social norms to firms and markets through historical context and theoretical and empirical evidence Business Ethics and Strategy, Volumes I and II Alan E. Singer,2018-10-26 This volume is intended as a reference for those interested in the relationship between business strategy and business ethics broadly conceived Several articles have been selected from various leading journals in management strategy and ethics An

introductory chapter provides an overview of the articles but it also relates them systematically to a fundamental dualism involving values ethics and politics all viewed from the perspective of business and business studies Corporations and Citizenship Greg Urban,2014-05-08 President Theodore Roosevelt once proclaimed Great corporations exist only because they are created and safeguarded by our institutions and it is therefore our right and duty to see that they work in harmony with those institutions But while corporations are ostensibly regulated by citizens through their governments the firms in turn regulate many aspects of social and political life for individuals beyond their own employees and the communities that support them Corporations are endowed with many of the same rights as citizens such as freedom of speech but are not themselves typically constituted around ideals of national belonging and democracy In the wake of the global financial collapse of 2008 the question of what relationship corporations should have to governing institutions has only increased in urgency As a democratically sanctioned social institution should a corporation operate primarily toward profit accumulation or should its proper goal be to provision society with needed goods and services Corporations and Citizenship addresses the role of modern for profit corporations as a distinctive kind of social formation within democratic national states Scholars of legal studies business ethics politics history and anthropology bring their perspectives to bear on particular case studies such as Enron and Wall Street as well as broader issues of belonging social responsibility for profit higher education and regulation Together these essays establish a complex and detailed understanding of the ways corporations contribute positively to human well being as well as the dangers that they pose Contributors Joel Bakan Jean Comaroff John Comaroff Cynthia Estlund Louis Galambos Rosalie Genova Peter Gourevitch Karen Ho Nien h Hsieh Walter Licht Jonathan R Macey Hirokazu Miyazaki Lynn Sharp Paine Katharina Pistor Amy J Sepinwall Jeffery Smith Jeffrey L Sturchio Greg Urban **The SAGE Handbook of Public Relations** Robert L. Heath,2010-07-29 An unparalleled guide to the theory and practice of public relations Reflecting advances in theory research and application in the discipline since the publication of the Handbook of Public Relations in 2001 this new volume is global in scope and unmatched in its coverage of both academic research and professional best practice Key Features Presents major theories in the words of the leading advocates for each theory Covers the full range of theory research and practice in the discipline Positions public relations as a positive force to help make society more fully functional Challenges academics and practitioners to identify best practices that can inform the work of those in the profession **Corporate Governance Framework in Nigeria** Olusola A. Akinpelu,2012-01-05 Since her political independence from the British government in 1960 Nigeria has gone through different phases in the effort to develop the corporate sector The intention was to drive the economy through corporate enterprises however the absence of effective corporate governance structure and conducive investment environment has no doubt been a source of concern for investors and successive governments Meticulously researched and organized this book takes the global view on corporate governance to provide insight into the corporate governance conundrum in Nigeria Against the background of international

standard Author Olusola A Akinpelu proposes a number of reforms to the existing governance structure and delves into the history of corporate development from the 1960s through the present In addition Akinpelu offers an in depth analysis of the philosophical foundations for corporate governance and compiles the theories models statutes reforms international standards guidelines and legal cases on corporate governance in the United Kingdom Germany the United States of America and elsewhere to show how no country is completely immune from corporate collapse A timely work Corporate Governance Framework in Nigeria will interest students of business economics business law legal practitioners and researchers in the field of corporate governance An excellently well written book on all important subject of socio economic value and relevance Guoleba Seri Esq Chairman CEO Seri Associates LLC NY Founder and President CEO African Chambers of Commerce United States

*Strategic Planning and Implementation for Islamic Organizations* Rafik Issa Beekun,2006-01-01 In Strategic Planning and Implementation for Islamic Organizations Dr Beekun shares over two decades of teaching research and strategic thinking with Islamic organizations globally He describes the step by step processes of strategic planning and implementation and asserts that these must be complemented synergistically by leadership structure culture ethics and tawakkul trusting in Allah to produce tangible sustainable results Examples from actual Islamic organizations and businesses are included as well as ready to use worksheets for those engaged in the process of developing and executing strategic and operational plans

*On Ethics, Diversity, and Conflict: the Graduate Years , Vol I* James Triplett,2011-05-15 Every class I teach on ethics has students who invariably arrive at the question what is ethics This is a question many have wrestled with over the history of the modern human Maybe the problem with ethics is that the definition is as varied and elusive as those associated with love or leadership Then again there is a possibility it is too closely defined as something that is good when so many situations where an understanding of ethics suggests that an ethical framework may be not so good Here I define ethics in the absence of good or bad rather it is simply a decision making framework humans use to manage their activities and to minimize cognitive dissonance between what one thinks and what one does

**Ethics for Records and Information Management** Norman A. Mooradian,2018-08-10 An essential handbook for information professionals who manage records archives data and other content this book is also an ideal teaching text for students of information ethics

**Classical Individualism** Tibor R. Machan,2003-07-13 In Classical Individualism Tibor R Machan argues that individualism is far from being dead Machan identifies develops and defends what he calls classical individualism an individualism humanised by classical philosophy rooted in Aristotle rather than Hobbes This book does not reject the social nature of human beings but finds that every one has a self directed agent who is responsible for what he or she does Machan rejects all types of collectivism including communitarianism ethnic solidarity racial unity and gender identity The ideas expressed here have important social and political implications and will be of interest to anyone concerned with the notion of individuality and individual responsibility

**Access to Medicines as a Human Right** Lisa Forman,Jillian Clare Kohler,2012-08-27

According to the World Health Organization one third of the global population lacks access to essential medicines Should pharmaceutical companies be ethically or legally responsible for providing affordable medicines for these people even though they live outside of profitable markets Can the private sector be held accountable for protecting human beings right to health This thought provoking interdisciplinary collection grapples with corporate responsibility for the provision of medicines in low and middle income countries The book begins with an examination of human rights norms and ethics in relation to the private sector moving to consider the tensions between pharmaceutical companies social and business duties Broad examinations of global conditions are complemented by case studies illustrating different approaches for addressing corporate conduct Access to Medicines as a Human Right identifies innovative solutions applicable in both global and domestic forums making it a valuable resource for the vast field of scholars legal practitioners and policymakers who must confront this challenging issue

**Business, Government and Society** ,1981      **Teaching Ethics and Values in Public Administration Programs** James S. Bowman,Donald C. Menzel,1998-01-01 Provides fresh perspectives on the teaching of ethics and values in public affairs administration and business in America s schools of higher education
