

4 Findings

Table 1 outlines the obtained ranking. The outlets are listed based on h-index; in cases of ties, g-index and hc-index were considered. Consistent with previous journal ranking investigations (Gillenson and Stafford, 2008; Bontis and Serenko, 2009), the ranking consists of approximately 25% of A+ and A, 50% of B, and 25% of C and D level journals. The rationale is to limit the number of top-tier outlets to a small number and to allow many scholars to publish works in outlets of acceptable quality (i.e., B level journals).

Prometheus Assessed? Shaun Goldfinch, Kiyoshi Yamamoto, 2012-04-11 This book examines the problems pitfalls and opportunities of different models of assessing research quality drawing on studies from around the world Aimed at academics education officials and public servants key features include an overview of the argument of whether research

should be assessed and how research quality should be determined Prometheus Assessed offers a survey of research assessment models in the US UK Japan and New Zealand and includes an examination of citation analysis and comparison between the different models Should research be assessed and what is research quality Survey of research assessment models in US UK Japan and New Zealand Examination of citation analysis *Advances in Accounting Education* Timothy J. Rupert, Beth B. Kern, 2017-03-14 *Advances in Accounting Education Teaching and Curriculum Innovations* publishes both non empirical and empirical articles dealing with accounting pedagogy **A Guide to Publishing for Academics** Jay Liebowitz, 2015-04-08 Most academics still wrestle with the publish or perish phenomenon Based on Dr Liebowitz s 25 years serving as the editor in chief of a leading international journal along with insights from some of the most knowledgeable journal editors this book shares key lessons learned to help new professors doctoral students and practitioner scholars

Publish or Perish Imad A. Moosa, 2024-02-12 In this thoroughly revised second edition of *Publish or Perish* Imad A Moosa extends and develops his analysis of the continual pressure to publish research which plagues the academic sphere Perceptive and provocative the book identifies the duress placed upon academics to either publish their work regularly or face the negative consequences ranging from a lack of promotion to redundancy **Journals of the Century** Tony Stankus, 2019-12-06 This book first published in 2002 gathers some of America s top subject expert librarians to determine the most influential journals in their respective fields 32 contributing authors reviewed journals from over twenty countries that have successfully shaped the evolution of their individual specialties worldwide Their choices reflect the history of each discipline or profession taking into account rivalries between universities professional societies for profit and not for profit publishers and even nation states and international ideologies in each journal s quest for reputational dominance Each journal was judged using criteria such as longevity of publication foresight in carving out its niche ability to attract none are in the employ of any publisher but each is fully credentialed and well published and many are award winners The authors guide college and professional school librarians on limited budgets via an exposition of their analytical and critical winnowing process in determining the classic resources for their faculty students and working professional clientele *Things That Matter* William Emilsen, Patricia Curthoys, 2025-04-25 Often theological colleges are the site of tension between the aspirations of the overall institution of the church and the goals of the particular college itself While they are usually the first called upon to solve the numerous problems facing the modern church yet just as likely they are criticized for being too academic too out of touch with contemporary society and too expensive A fair reading of the ten essays in *Things That Matter* will refute or at the very least question these criticisms The authors of this inspiring collection although far from uncritical clearly show that since 1999 when United Theological College the Uniting Church s premier college in New South Wales became part of Charles Sturt University s School of Theology there have been great benefits for students faculty the church and the broader community *Proceedings of the 9th International Conference on Accounting, Management, and*

Economics 2024 (ICAME 2024) Mursalim Nohong,Fitra Roman Cahaya,Phung Minh Tuan,Arifuddin Mannan,Anas Iswanto Anwar,Rianda Ridho Hafizh Thaha,Rakhmat Nurul Prima Nugraha,Andi Tenri Harahap,Muhammad Try Dharsana,Fakhrul Indra Hermansyah,2025-08-30 This is an open access book The Integration of Blue Green Economy Business for Sustainability **Journal of Scholarly Publishing** ,2003-10 *Redesigning Management Education and Research* S. Dameron,Thomas Durand,2011-01-01 The field of management education and research has become an industry of its own an industry with fierce international competition in a global arena Here the authors argue that a series of mechanisms has led to mimicking and thus strategic convergence among business schools The authors further argue that this has resulted in a loss of relevance and diversity of the management knowledge produced and taught in a multipolar world They view this as counterproductive to business schools students firms societies and other stakeholders including scholars themselves Based in part on the work of SFM Soci t Fran aise de Management the French Academy of Management the authors of this volume endeavour to engage in strategic conversations with stakeholders in an effort to reshape the field of management studies Redesigning Management Education and Research revisits the foundations of management research and education suggests ways to redesign the content taught to better fit the needs of firms and society at large and proposes actions and concrete examples of what could be done to restructure the institutional setting of the field of management This book calls for collective strategies from management scholars to influence some of the de facto regulation mechanisms that have appeared over recent years such as business school rankings and the race for publication in a narrow list of academic journals This book is also a plea for working on those issues beyond the specificities of national contexts to encompass a broader regional perspective in order to reshape the rules of the game in management education and research Teachers researchers and deans as well as practitioners from all areas of business will find this volume illuminating It offers an ambitious vision and a practical framework aimed squarely at remaking management education and research to be relevant to the demands of the twenty first century **Greenwashing** Agostino Vollero,2022-05-23 Greenwashing Foundations and Emerging Research on Corporate Sustainability and Deceptive Communication examines the understanding of greenwashing provides a systematic review of available literature review and reflects on theoretical approaches and research trends *Handbook of Research Methods in Organizational Change* David B. Szabla,David Coghlan,William Pasmore,Jennifer Kim,2023-08-14 The Handbook of Research Methods in Organizational Change offers innovative and practical information to aid in the successful implementation of research methodologies Written by a collective of experienced scholars it provides inspiration for future academics wishing to advance research into human system changes Through A Glass Darkly Margaret Thornton,2015-11-08 This collection of essays arose from a workshop held in Canberra in 2013 under the auspices of the Academy of Social Sciences in Australia to consider the impact of the encroachment of the market on public universities While the UK tripled fees in 2013 and determined that the teaching of the social sciences and the humanities would no longer

be publicly funded it was feared that Australia would go further and deregulate fees altogether In the best tradition of the social sciences the contributors have assumed the role of critic and conscience of society to present penetrating analyses of the ramifications of the corporatisation of the university as neoliberalism continues to occupy the ascendant position in the political firmament The dramatis personae in these analyses are students academics managers and political mandarins with the gendered character of corporatisation an important sub theme

The Oxford Handbook of Qualitative Research Patricia Leavy, 2014 The Oxford Handbook of Qualitative Research presents a comprehensive and student friendly overview of the field of qualitative research and is intended for students of all levels faculty and researchers across the social sciences It provides strong focus on methods instruction with coverage of theoretical approaches analysis writing evaluation and the politics of research

Mapping Media Responsibility. Contemporary Aspects of Morals, Ethics and Social Discourse Martin A. M. Gansinger, Ayman Kole, 2017-04-10 The purpose of this volume is to broadly discuss the media's responsibility to provide discursive contributions to the ethical and moral challenges of our times At the crossroads of intellectual progress and profit orientation concentration tendencies in the academic publishing industry pose a threat to the reputation and integrity of higher education The actions of whistleblowers like Edward Snowden have radically changed our perception of privacy stirring debates about the ethical and moral dilemma attached to the disclosures Islam and religion continue to rank as urgent topics in the news with the most influential contributions to the public discourse often belonging to ideologically influenced Western voices One century after the Bolshevik revolution in 1917 Russia is still negotiating how to categorize these events which have recently been pointed out in a controversial TV show The example of Nigeria makes clear that insecurity and national development go hand in hand with responsible press coverage while the low self perception of the Belarusian film industry is due partly to its depiction in the country's only cinematographic publication

Editorial Peer Review Ann C. Weller, 2001 This book is the first to provide an in depth analysis of the peer review process in scholarly publishing Author Weller offers a systematic review of published studies of editorial peer review in the following broad categories general studies of rejection rates studies of editors studies of authors and studies of reviewers The book concludes with an examination of new models of editorial peer review intended to enhance the scientific communication process as it moves from a print to an electronic environment
