strapped it to their arms to watch it burn them in real time Lord Byron acclaimed British poet literally took a bear with him to university Isaac Newton discovered the laws of gravity and motion but he also looked up at the sun without eye protection The result Three days of blindness Tesla whose scientific work led to the invention of the AC unit fell in love with a pigeon Edison s Ghosts is filled with examples of the so called best of humanity doing to put it bluntly some really dumb shit You ll discover stories that deserve to be told but never are the hilarious regrettable and downright bafflingly lesser known achievements that never made it into our history books until now **Freedom and the Arts** Charles Rosen,2012-05-21 Is there a moment in history when a work receives its ideal interpretation Or is perpetual negotiation required to preserve the past and accommodate the present The freedom of interpretation Charles Rosen suggests in these sparkling explorations exists in a delicate balance with fidelity to the identity of the original work The Gramophone ,2005 **Gramophone** ,2005 *BBC Music Magazine* ,2005
