Fair Housing Rules Hud Manual:

Fair Housing Act Design Manual U. S. Department of Housing and Urban Development, 2011-08-31 The Department is pleased to present the Fair Housing Act Design Manual The manual was first published in August 1996 and was updated in 1998 This republication of the 1998 manual is intended to provide clear and helpful guidance about ways to design and construct housing that complies with the Fair Housing Act The manual provides comprehensive information about accessibility requirements which must be incorporated into the design and construction of multifamily housing covered by the Act It clarifies out two statutory responsibilities first it provides a clear statement of HUD's interpretation of the accessibility requirements of the Act so that readers may know what actions on their part will provide them with a safe harbor and second it provides guidance in the form of recommendations which meet the Department's obligation to provide technical assistance on alternative accessibility approaches Readers following the revised manual can rely on it They will be in compliance with the Act's accessibility provisions if they carry them out However it should be noted that when the manual uses the terms recommended preferred should could or uses italics or text labeled as recommended the material involved is provided as a suggestion for accessibility and not a requirement under the Act In addition HUD currently recognizes six other safe harbors for compliance with the Fair Housing Act's design and construction requirements The other safe harbors are 1 HUD's March 6 1991 Fair Housing Accessibility Guidelines the Guidelines and the June 28 1994 Supplemental Notice to Fair Housing Accessibility Guidelines Questions and Answers about the Guidelines 2 ANSI A117.1-1996 used in conjunction with the Act and HUD's regulations and the Guidelines 3 CABO ANSI A117.1-1992 used in conjunction with the Act HUD's regulations and the Guidelines 4 ICC ANSI A117.1-1998 used in conjunction with the Act HUD's regulations and the Guidelines 5 Code Requirements for Housing Accessibility 2000 CRHA approved and published by the International Code Council ICC October 2000 6 International Building Code 2000 IBC as amended by the IBC 2001 Supplement to the International Codes It is important to note that the ANSI A117.1 standard contains only technical criteria whereas the Fair Housing Act the regulations and the Guidelines contain both scoping and technical criteria Therefore in using any of the ANSI standards it is necessary to also consult the Act HUD's regulations and the Guidelines for the scoping requirements Providing an environment where persons with disabilities can have the same access to and ability to use housing that persons without disabilities enjoy is both a worthwhile goal and the law The Department is committed to helping those who develop housing to meet the requirements of the law so that we can reach the goal of providing meaningful access for people with disabilities

Handbook Henry H. Perritt, 2002-11-01 The Americans With Disabilities Act Handbook provides comprehensive coverage of the ADA's employment, commercial facilities and public accommodations provisions as well as coverage of the transportation, communication and federal, local and state government requirements. In one comprehensive two volume set you'll get a complete analysis of the Act and all the forms and case law you'll need to prepare your case. Recognized ADA authority Henry H. Perritt Jr. clearly defines statutory and regulatory requirements for public and private employers, commercial facilities and places of public accommodation. There's a complete analysis of the rapidly expanding case law organized by frequently litigated topics like wheelchair access and AIDS discrimination. In depth analysis is provided for the numerous federal and state cases and significant regulatory activity by the EEOC cropping up each year. You'll also get thorough analysis of how the Rehabilitation Act of 1973 relates to ADA. The statutory definition of disability and the concept of being "otherwise qualified" for a job are also discussed in depth. And you'll see exactly what employers, business owners and providers of governmental services must do to make "reasonable accommodation." Plus a comprehensive section that organizes case law by type of physical and mental impairment and accommodation by type of job requirement making analysis easier. Americans With Disabilities Act Handbook has been updated to include Analysis of a Supreme Court case finding that Wal-Mart class action did not meet requirements of Federal Rules of Civil Procedure 23. Case law applying the 2008 Amendments and EEOC's implementing regulations. Analysis of Supreme Court case providing a framework for "cat's paw" proof of disparate treatment. Analysis of a Supreme Court case finding retaliation because of a fiancée's protected activity. Analysis of a Supreme Court case allowing oral requests for FMLA leave. Analysis of cases assessing whether the employer erroneously perceived an employee as unable to perform a "range of jobs." Discussion of a case denying safe harbor to a recovering drug abuser. Analysis of case allowing an employer to assign an HIV positive employee to train only those employees signing a waiver. Discussion of a case finding that a return to work medical examination did not violate the ADA. Analysis of the "one strike" rule imposed by an employers' association. Discussion of a case finding that reductions in paratransit services did not violate ADA. New cases rejecting challenges to arbitration.
