Sexism and Sin-Talk Rachel Sophia Baard, 2020-01-01 Early feminist theologians criticized the Christian doctrine of sin for its focus on female sexual purity and its enabling of the marginalization and oppression of women Others have questioned whether the entire theological category of sin should be abandoned in favor of other ways of talking about the human predicament In this new book Rachel Baard argues for a feminist critique of traditional sin talk alongside a constructive reinterpretation of the doctrine of sin one that can be life affirming for all persons She claims that the Christian idea of sin that tragic flaw at the core of human experience provides one of the best tools for understanding the evils of sexism patriarchy and traditional sin talk itself She likewise provides a new rhetoric of sin talk one that accounts for the diverse experiences of the human family not simply those of powerful men

Seibert, 2023-11-07 One of the greatest challenges the church faces today writes Jerome F D Creach is to interpret and explain passages in the Bible that seem to promote or encourage violence Violence in Scripture 1 In the past fifteen years a number of books have been published to help people make sense of God's violent behavior in the Bible Yet very little has been written about how to use these and other violent texts constructively in church This leaves religious practitioners pastors priests Sunday school teachers worship ministers lay leaders and others at a real disadvantage What should they do with stories that sanction genocide or praise individuals for killing others How can they use these violent texts in sermons liturgies Christian education classes and elsewhere without promoting the violent ideologies they contain In Redeeming Violent Verses Eric Seibert addresses these questions by focusing on a wide range of practical ways to use violent biblical texts responsibly in the church and beyond With chapters devoted to using violent verses when preaching sermons teaching Sunday school and leading worship this book is filled with guidelines and specific practices designed to help ministers use violent verses responsibly Seibert includes numerous examples to illustrate specific ways these verses could be used in ministry settings and pays special attention to dealing with passages that portray God behaving violently Rather than ignoring these passages or being intimidated by them Redeeming Violent Verses tackles troublesome texts head on It charts a bold path forward one that opens up new possibilities for ministers by equipping them to use these texts in life-giving and spiritually edifying ways Religious practitioners of all stripes will find this book immensely helpful and readers will benefit greatly from the many strategies and suggestions offered here

Committed Spirituality Ottmar Fuchs, 2019-11-13 Christian faith can lead to a spirituality that can give strength and energy for just action Conversely human solidarity can open us up to the contents of the Christian faith Christian hope in particular opens us to a universal solidarity that does not exclude others and never serves only one's own areas without others Ottmar Fuchs has spelled out this connection in his entire practical theology in many works and now presents here important results of his work in collected form for an English language readership The churches are at the service of this commitment for all people In the acute disputes between identitarian fundamentalist and open universal solidarist formations the author represents the position of a faith that accepts all people into the love of God and an ethics not limited by any borders It is the vote for a church that is more self-giving than victorious at the expense of others and that profiles all its instruments from the social and ritual organization of the church to its respective external relations in such a way It is about a format of faith and church that does even not release the respective exclusivist parts in churches and in society from the caring responsibility

A Body Broken, A Body Betrayed Mary McClintock Fulkerson, Marcia W. Mount Shoop, 2015-10-28 Race and privilege are issues that cry out for new kinds of attention and healing in American society More specifically we are being called to surface the dynamics of whiteness especially in contexts where whites have had the most power in America The church is one of those contexts particularly churches that have traditionally been seen as the stalwarts of the American religious landscape mainline Protestant churches Theologians and Presbyterian ministers Mary McClintock Fulkerson and Marcia Mount Shoop

invite us to acknowledge and address the wounds of race and privilege that continue to harm and diminish the life of the church Using Eucharist as a template for both the church's blindness and for Christ's redemptive capacity this book invites faith communities especially white dominant churches into new ways of remembering what it means to be the body of Christ In a still racialized society can the body of Christ truly acknowledge and dress the wounds of race and privilege Remembering Christ's broken and betrayed body may be just the healing path we need

Experiencing the Shepherd of Hermas Angela Kim Harkins, Harry O. Maier, 2022-06-06 The Shepherd of Hermas is one of the oldest and most well attested Christian works Its popularity arguably exceeded that of the canonical Gospels Many early Christian thinkers regarded the Shepherd as authoritative and cited it in their own writings even though its status as Scripture was controversial The far reaching influence of the Shepherd during the first few centuries is attested in part by the many languages in which it was copied Latin Ethiopic Coptic Middle Persian and Georgian The early dating and wide dissemination of the Shepherd of Hermas offers us access to a period when canonical boundaries were elastic This volume treats religious experience in the Shepherd a topic that has received little scholarly attention It complements a growing body of literature that explores the text from social historical perspectives Leading scholars approach it from a variety of interdisciplinary perspectives including critical literary theory anthropology cognitive science affect theory gender studies intersectionality and text reception In doing so they pose fresh questions to one of the most widely read texts in the early church offering new insights to scholars

and students alike **A Poetics of Postcolonial Biblical Criticism** Aliou Cisse Niang, 2019-12-18 Telling in current biblical postcolonial discourse that draws insights from the works of Aimé Césaire, Frantz Fanon and postcolonial theorists is the missing contribution of Léopold Sédar Senghor the architect of Négritude. If mentioned at all, Senghor is often read through conclusions drawn by his critics or dismissed altogether as irrelevant to postcolonialism. Restored to its rightful place, Senghorian Négritude is a postcolonial lens for reading Scripture and other faith traditions with a view to reposition, conscientize, liberate and rehabilitate the conquered and enable them to reclaim their faith traditions and practices that once directed a mutual relationship between God, human and nature, a delicate symbiosis before the French colonial advent in West Africa. A keen eye for cross cultural analysis and contextualization enriched this volume with an intriguing reading of scripture, Ancient Near Eastern and Greco-Roman texts in conversation with other faith traditions, particularly Senegalese Diola Religion. As a Poetics of Postcolonial Biblical Criticism, Négritude is an optic through which people of faith may look around themselves critically, reread their sacred texts, reassess their vocation and practice, mutuality with God and nature on the heels of chilling climate change. Enshrined in this innovative argument is a call for introspection and challenge for people of faith to assume their vocation, human participatory agency.

I (Still) Believe Zondervan, 2015-09-01 I Still Believe explores the all important question of whether serious academic study of the Bible is threatening to one's faith. Far from it, faith enhances study of the Bible and reciprocally, such study enriches a person's faith. With this in mind, this book asks prominent Bible teachers and scholars to tell their story, reflecting on their own experiences at the intersection of faith and serious academic study of the Bible. While the essays of this book will provide some apology for academic study of the Bible as an important discipline, the essays engage with this question in ways that are uncontrived. They present real stories with all the complexities and struggles they may hold. To this end, the contributors do two things: a) reflect on their lives as someone who teaches and researches the Bible, providing something of a story outlining their journey of life and faith and their self understanding as a biblical theologian; and b) provide focused reflections on how faith has made a difference, how it has changed and what challenges have arisen, remained and are unresolved, all with a view toward the future and engaging the book's main question: engaging the book's main question.

Pillars in the History of Biblical Interpretation, Volume 2 Stanley E. Porter, Sean A. Adams, 2016-11-03 This two volume set is part of a growing body of literature concerned with the history of biblical interpretation. The ample introduction first situates key players in the story of the development of the major strands of biblical interpretation since the Enlightenment, identifying how different theoretical and methodological approaches are related to each other and describing the academic environment in which they emerged and developed. Volume 1 contains fourteen essays on twenty two interpreters who were principally active before 1980 and volume 2 has nineteen essays on twenty seven of those who were active primarily after this date. Each chapter provides a brief biography of one or more scholars as well as a detailed description of their major contributions to the field. This is followed by an often

new application of the scholar's theory By focusing on the individual scholars and their work the book recognizes that interpretive approaches arise out of certain circumstances and that scholars are influenced by and have influences upon both other interpreters and the times in which they live This set is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the current field of biblical studies developed **Liberating Privilege** David O. Woodyard, 2016-11-25 With uninterrogated legitimacy a number of straight white males have authored contributions to liberation theology No Pedagogy of the Privileged exists to problematize their initiatives Conveniently ignored is the condition of liberation theology that its matrix is singularity oppression Does the setting of privilege disqualify their initiatives Straight white males are seldom victims of oppressive forces more often they are the perpetrators Privilege like radon permeates their context Is privilege fatal Is it possible to dislocate Is there precedence for an authentic contribution Liberating Privilege addresses the liability of context and develops a response from Scripture Ultimately it hinges on The breakthrough of God and aligns with it *Contemporary Pakistani Speculative Fiction and the Global Imaginary* Shazia Sadaf, Aroosa Kanwal, 2023-09-26 As the first book length study of emergent Pakistani speculative fiction written in English this critical work explores the ways in which contemporary Pakistani authors extend the genre in new directions by challenging the cognitive majoritarianism usually Western in this field Responding to the recent Afro science fiction movement that has spurred non Western writers to seek a democratization of the broader genre of speculative fiction Pakistani writers have incorporated elements from djinn mythology Qur'anic eschatology Desi South Asian traditions local folklore and Islamic feminisms in their narratives to encourage familiarity with alternative world views In five chapters this book analyzes fiction by several established Pakistani authors as well as emerging writers to highlight the literary value of these contemporary works in reconciling competing cognitive approaches blurring the dividing line between possibilities and impossibilities in envisioning humanity's collective future and anticipating the future of human rights in these envisioned worlds Faith, Feminism, and the Forum of Scripture Phyllis A. Bird, 2015-08-24 Faith and feminism unite in these essays to explore the theology of the Hebrew Bible as testimony to the faith of ancient Israel and as a source for Christian theology and ethics Each chapter in Faith Feminism and the Forum of Scripture approaches the Bible as a site of theological reflection in which multiple voices are heard in chorus and debate as a forum that invites readers to join the conversation and extend it Acknowledging the patriarchal world of the Bible and the androcentric distortions of its views of both human and divine they identify foundations and directions that point beyond the cultural frames of the texts Individual essays present the possibility of an Old Testament theology that integrates feminist insights and concerns into the full range of theological subjects discuss the theological anthropology of the Hebrew Bible and its root texts in the Genesis creation accounts outline a proposed new understanding of the authority of the Bible consonant with its nature as a historical multivocal and multivalent document and offer a critical and constructive appraisal of the Old Testament's contribution to current debate on the place of homosexual

persons and relations in the church **Before You Were Born, I Anointed You** Anna Beresford, 2022-09-12 Prophetic ministry in the Bible has long been perceived as the exclusive domain of individuals who were powerful authoritative argumentative and almost always male This impression cannot be sustained In a logical and engaging way Anna Beresford convincingly shows us that female characters throughout the biblical story are not merely peripheral actors but are often the ones who proclaim God's prophetic word with disturbing clarity Beginning with the few women acknowledged as prophets in the Hebrew scriptural tradition Beresford proceeds to uncover a surprising host of hidden female prophets Among this cast we meet the widow whose last penny is consumed by organized religion the gate crasher who teaches a pious Pharisee stern lessons in hospitality a woman who has the last word in a theological debate A woman used to trap Jesus proclaims truth to power and a feisty foreign lady cleverly proves that God's love is for all of us regardless of gender or ethnicity This book is a compelling reminder that God speaks to all people women and men and calls on us to share the message whether it is convenient or not 2 Tim 4 2 NET **The Bible and Violence in Africa** Johannes Hunter, Joachim Kügler, 2016-06-07 **Seven Days, Many Voices** Benjamin David, 2018-09-01 This collection of 42 essays spans a wide range of thinking about Creation Midrash biblical criticism literature theology climate justice human rights history and science are just some of the fields through which the Creation story is examined
