The Global Achievement Gap Tony Wagner, 2014-03-11 Despite the best efforts of educators our nation s schools are dangerously obsolete Instead of teaching students to be critical thinkers and problem solvers we are asking them to memorize facts for multiple choice tests This problem isn t limited to low income school districts even our top schools aren t teaching or testing the skills that matter most in the global knowledge economy Our

teens leave school equipped to work only in the kinds of jobs that are fast disappearing from the American economy. Meanwhile young adults in India and China are competing with our students for the most sought after careers around the world. Education expert Tony Wagner has conducted scores of interviews with business leaders and observed hundreds of classes in some of the nation's most highly regarded public schools. He discovered a profound disconnect between what potential employers are looking for in young people today: critical thinking skills, creativity, and effective communication, and what our schools are providing: passive learning environments and uninspired lesson plans that focus on test preparation and reward memorization. He explains how every American can work to overhaul our education system, and he shows us examples of dramatically different schools that teach all students new skills. In addition, through interviews with college graduates and people who work with them, Wagner discovers how teachers, parents, and employers can motivate the generation to excellence. An education manifesto for the twenty-first century, *The Global Achievement Gap* is provocative and inspiring. It is essential reading for parents, educators, business leaders, policy makers, and anyone interested in seeing our young people succeed as employees and citizens. Love's Gamble Lost Steven E. Condon, 2015-01-15. Journey through Obsession and Redemption. Step into a world where the past and present collide, where hidden desires and unspoken truths unravel the fabric of a young woman's life. At sixteen, Susan is consumed by an overwhelming love for Fletcher, a boy whose charm and intellect mask a darker nature. This obsessive passion leads to a tragic encounter that sets the stage for a lifelong journey of discovery and heartache. As decades pass, Susan finds herself at a crossroads. Now seventy, she embarks on a quest to piece together the fragments of her past, seeking answers that have eluded her for fifty years. This journey is not hers alone, as her inquisitive granddaughter, Galadriel, becomes an unexpected ally. Together, they navigate the complexities of a love story marred by obsession, betrayal, and the quest for redemption. What happens when the ghosts of yesterday refuse to stay buried? Susan's search is not just a personal reflection; it is a gripping detective story that unfolds in an intricate dance of memories. As the layers of her past are peeled away, Susan must confront her own contradictions and the shadow of her former self. The stakes are high, and the revelations are both shocking and liberating. In a tale that spans generations, witness the power of love, its capacity to heal, and its potential to destroy. Will Susan find the closure she desperately seeks, or will the echoes of her youthful passion forever haunt her? Join her as she delves into the depths of her soul and discovers the true meaning of forgiveness and strength. This is a story of love's complexities, an exploration of the human spirit, and a testament to the enduring power of redemption.
