Sociology in Today's World Brian Furze, Cengage Learning Australia, Pauline Savy, 2014 Sociology in Today s World explores why sociology is important and relevant to everyday life It teaches students how to think sociologically not just what to think and shows how sociology can help us make sense of our lives It comprehensively covers key aspects and current issues in Australian and New Zealand society whilst emphasising the importance of diversity and a global perspective **A Guide to New Religious Movements** Ronald M. Enroth, 2005-05-26 Sociologist Ronald Enroth and a team of expert contributors provide an accessible handle on the key religious movements of our day from the Church of Jesus Christ of Latter day Saints and the Jehovah s Witnesses to contemporary versions of Hinduism Buddhism and Islam *The Metropolitan Frontier and American Politics* Daniel Elazar, 2020-03-10 American civilization has been shaped by four decisive forces the frontier migration sectionalism and federalism The frontier has offered abundance to those who would could take advantage of its opportunities stimulated technological innovation and been the source of continuous change in social structure and economic organization migration has been responsible for relocating cultures from the Old world to the New various sections of geographic territories have adjusted to the overall American culture without losing their individual distinctiveness and federalism has shaped the United States political and social organization The Metropolitan Frontier and American Politics was begun in the late 1950s under the auspices of the University of Illinois Institute of Government and Public Affairs as a study of the eight lesser metropolitan areas in Illinois What started out as a design for community maps of each area with the intent to outline their particular political systems led to a major study of metropolitan cities of the prairie the heartland area between the Great Lakes and the Continental Divide with an examination of the processes that have shaped American politics The distinctive features of the geographic areas that Elazar discovered can best be understood as reflections of the differences in cultural backgrounds of their respective settlers Proper understanding of these communities therefore requires an examination of their place in the federal system the impact of frontier and section upon them and a study of the cultures that inform them as civil communities The volume is consequently divided into three parts Cities Frontiers and Sections Streams of Migration and Political Culture and Cities States and Nation each of which explores Elazar

s concerns in discovering the interrelationship between the cities of the frontier and American politics A prequel to The Closing of the Metropolitan Frontier The Metropolitan Frontier and American Politics will be of great interest to students of politics American history and ethnography *Society and the Promise to David* William M. Schniedewind,1999-06-03 In the second book of Samuel the prophet Nathan tells King David that God will give to him and his descendants a great and everlasting kingdom In this study Schniedewind looks at how this dynastic Promise has been understood and transmitted from the time of its first appearance at the inception of the Hebrew monarchy until the dawn of Christianity He shows in detail how over the centuries the Promise grew in importance and prestige One measure of this growing importance was the Promise s ability to coax new readers into fresh interpretations **Social Research** ,1955 Includes section Book reviews and notes **Secularization and the Protestant Prospect** James F. Childress,David Bailly Harned,1970
