New Critical Essays on Toni Morrison's God Help the Child

Alice Knox Eaton, Maxine Lavon Montgomery, Shirley A. Stave, 2020-07-23

Contributions by Alice Knox Eaton, Mar Gallego, Maxine Lavon Montgomery, Evelyn Jaffe, Schreiber, Shirley A. Stave, Justine Tally, Susana Vega Gonzales and Anissa Wardi.

In her eleventh novel *God Help the Child*, Toni Morrison returned to several of the signature themes explored in her previous work: pernicious beauty standards for women, particularly African American women; mother-child relationships; racism and colorism; and child sexual abuse. *God Help the Child*, published in 2015, is set in the contemporary period, unlike all of her previous novels. The contemporary setting is ultimately incidental to the project of the novel; however, as with Morrison's other work, the story takes on mythic qualities, and the larger-than-life themes lend themselves to allegorical and symbolic readings that resonate in light of both contemporary and historical issues.

New Critical Essays on Toni Morrison's God Help the Child: Race, Culture, and History, a collection of eight essays by both seasoned Morrison scholars as well as new and rising scholars, takes on the novel in a nuanced and insightful analysis, interpreting it in relation to Morrison's earlier work as well as locating it within ongoing debates in literary and other academic disciplines engaged with African American literature. The volume is divided into three sections. The first focuses on trauma, both the pain and suffering caused by neglect and abuse as well as healing and understanding. The second section considers narrative choices, concentrating on experimentation and reader engagement. The third section turns a comparative eye to Morrison's fictional canon, from her debut work of fiction, *The Bluest Eye*, until the present. These essays build on previous studies of Morrison's novels and deepen readers' understanding of both her last novel and her larger literary output.

Toni Morrison

Linda Wagner-Martin, 2022-02-08

A reading of the oeuvre of Toni Morrison, fiction, non-fiction, and other, drawing extensively from her many interviews as well as her primary texts. *Toni Morrison: A Literary Life*, second edition, provides an overview of Morrison's intellectual growth as an artist. Linda Wagner-Martin aligns Morrison's novels with the works of Virginia Woolf and William Faulkner, assessing her works as among the most innovative and most significant worldwide of the past fifty-plus years. The revised edition includes new discussion of *God Help the Child*, *The Origin of Others*, and *The Source of Self-Regard*. These additions present and intensify scholarship on Morrison's major literary contributions but also trace her significant role as a public intellectual.

bringing to light the consistency of Morrison's aesthetic and political visions *Toni Morrison and the Natural World* Anissa Janine Wardi, 2021-06-28 Winner of the Toni Morrison Society Book Prize for Best Single Authored Book 2019 2022 Critics have routinely excluded African American literature from ecocritical inquiry despite the fact that the literary tradition has from its inception proved to be steeped in environmental concerns that address elements of the natural world and relate nature to the transatlantic slave trade plantation labor and nationhood Toni Morrison's work is no exception Toni Morrison and the Natural World An Ecology of Color is the first full length ecocritical investigation of the Nobel Laureate's novels and brings to the fore an unequaled engagement between race and nature Morrison's ecological consciousness holds that human geographies are enmeshed with nonhuman nature It follows then that ecology the branch of biology that studies how people relate to each other and their environment is an apt framework for this book The interrelationships and interactions between individuals and community and between organisms and the biosphere are central to this analysis They highlight that the human and nonhuman are part of a larger ecosystem of interfacing and transformations Toni Morrison and the Natural World is organized by color examining soil brown in *The Bluest Eye* and *Paradise* plant life green in *Song of Solomon* *Beloved* and *Home* bodies of water blue in *Tar Baby* and *Love* and fire orange in *Sula* and *God Help the Child* By providing a racially inflected reading of nature Toni Morrison and the Natural World makes an important contribution to the field of environmental studies and provides a landmark for Morrison scholarship *Toni Morrison For Beginners* Ron David, 2016-10-04 Many people consider Morrison's novels difficult to read Most of her readers have at least one book on their shelves that they couldn't finish or when they did finish one just scratched their heads in confusion And when we think we are sure we know what she's writing about it turns out we are half wrong or only getting the tip of the iceberg instead of the whole beautiful brooding thing Toni Morrison For Beginners is about the woman her books her mission her word music and all that subtext in her writings Morrison's books are like the ocean the surface is beautiful but everything that gives them life lies beneath She's the kind of writer who can change your life and this book is here to help you navigate the words and the woman *Gynocritics and the Traversals of Women's Writing* Hemant Verma, Ajit Kumar, Rafseena M., 2024-01-11 Discussions on any narrative focusing on the experiences of about and by women have always had differences as well as similarities What makes such varying approaches interesting is the fact that the re readings and re presentations of the hegemonic narratives necessitated the significance of feminist approaches which forms the major focus in the present volume A feminist reading of the current narratives could explain how historically women's rights and roles have been undermined and how the absence of women was never a concern in the male centered narratives Women's writings provide a consciousness that helps individuals consider critically about how differently men and women are dealt With different dimensions brought in through the various scholarly articles on the differential treatment of women in the highly misogynist society the book offers the space for the intellectuals the academic researchers and scholars in the field of literature and
