The Complete Idiot's Guide to Golf Michelle McGann, Matthew Rudy, 2005 The Complete Idiot s Guide to Golf Second Edition is here to help anyone from a beginning weekend duffer to a solid intermediate player This books specifically helps readers rethink technique deconstruct their swing and examine their short game From the basics of the game including rules and play to the strategy of course management these authors go beyond grip and follow through to help readers look at the total game and find those round winning shots They also cover drills and practices from tees to chip shots putting essentials specialty shots and how to avoid having to use them and troubleshooting With new coverage of gym workouts that will improve the golf game and some great tips on dressing and acting the part this book is a well rounded guide to all the basics of the game

The Reactionary Mind Corey Robin, 2018 Late in life William F Buckley made a confession to Corey Robin Capitalism is boring said the founding father of the American right Devoting your life to it as conservatives do is horrifying if only because it s so repetitious It s like sex With this unlikely conversation began Robin s decade long foray into the conservative mind What is conservatism and what s truly at stake for its proponents If capitalism bores them what excites them In The Reactionary Mind Robin traces conservatism back to its roots in the reaction against the French Revolution He argues that

the right was inspired and is still united by its hostility to emancipating the lower orders Some conservatives endorse the free market others oppose it Some criticize the state others celebrate it Underlying these differences is the impulse to defend power and privilege against movements demanding freedom and equality while simultaneously making populist appeals to the masses Despite their opposition to these movements conservatives favor a dynamic conception of politics and society one that involves self transformation violence and war They are also highly adaptive to new challenges and circumstances This partiality to violence and capacity for reinvention have been critical to their success Written by a highly regarded keen observer of the contemporary political scene The Reactionary Mind ranges widely from Edmund Burke to Antonin Scalia and Donald Trump and from John C Calhoun to Ayn Rand It advances the notion that all right wing ideologies from the eighteenth century through today are improvisations on a theme the felt experience of having power seeing it threatened and trying to win it back When its first edition appeared in 2011 The Reactionary Mind set off a fierce debate It has since been acclaimed as the book that predicted Trump New Yorker and one of the more influential political works of the last decade Washington Monthly Now updated to include Trump s election and his first one hundred days in office The Reactionary Mind is more relevant than ever
