Stephen Harrison, Ruth McDonald, 2007-12-18 This is an excellent textbook for which there is currently a niche in the market. The chapters on rationing, professionalism, politics of clinical knowledge and the politics of democracy and participation are particularly strong and will be invaluable to students of health policy, health studies and health service research. Professor Michael Calnan, University of Bristol. Written by leading academics in their field, this book provides a clear and considered overview of the politics of health care in Britain. Bringing together a wide range of material on both past events and recent developments, the chapters cover issues such as the politics of health professionalism, clinical knowledge and organisation and management. Each chapter offers a unique combination of theory, historical detail and analysis of contemporary events. It features case studies to illustrate how policy has evolved and developed in recent years and the implications these changes have for practice. Written in an accessible style, the chapters also include comprehensive introductions, summaries and further reading sections. The final chapter is based on three detailed case studies that illuminate the tensions and debates discussed throughout the book. *The Politics of Healthcare in Britain* is a timely and authoritative textbook that covers a key topic of the curriculum whilst also contributing to topical debates. The book will be essential reading for students of social policy, health policy, public policy and nursing. It will also be of interest to policy makers and practitioners in the field of health care.

Comparative Government and Politics John McCormick, Rod Hague, Martin Harrop, 2019-02-08 This revised and updated edition of a core textbook, one of the most well established texts in the field of comparative politics, offers a comprehensive introduction to the comparison of governments and political systems, helping students to understand not just the institutions and political cultures of their own countries but also those of a wide range of democracies and authoritarian regimes from around the world. The book opens with an overview of key theories and methods for studying comparative politics and moves on to a study of major institutions and themes such as the state, constitutions and courts, elections, voters, interest groups and political economy. In addition, two common threads run throughout the chapters in this edition: the reversal of democracy and declining trust in government, ensuring that the book fully accounts for the rapid developments in politics that have taken place across the world in recent times. Written by a team of experienced textbook authors and featuring a range of engaging learning features, this book is an essential text for undergraduate and postgraduate courses on comparative politics, comparative government, introduction to politics and introduction to political science. New to this Edition: New and extended coverage of important topics such as authoritarian states, identities, ethnicity and political violence. A brand new chapter on political economy. An engaging new page design in full colour for the first time. An enhanced companion website now providing an extensive testbank of questions for lecturers. Publishing alongside John McCormick's new book on *Cases in Comparative Government and Politics* (October 2019) which offers more detailed coverage of the cases covered in this text.

**Politics: The Key Concepts** Lisa Harrison, Adrian Little, Ed Lock, 2015-02-11 *Politics: The Key Concepts* is an up to date and broad ranging introduction to the terms that lie at the heart of political discourse. Entries are drawn from areas such as
