**American Literature and American Identity** Patrick Colm Hogan, 2021-11-10 In recent years cognitive and affective science have become increasingly important for interpretation and explanation in the social sciences and humanities However little of this work has addressed American literature and virtually none has treated national identity formation in influential works since the Civil War In this book Hogan develops his earlier cognitive and affective analyses of national identity further exploring the ways in which such identity is integrated with cross culturally recurring patterns in story structure Hogan examines how authors imagined American identity understood as universal democratic egalitarianism in the face of the nation s clear and often brutal inequalities of race sex and sexuality exploring the complex and often ambivalent treatment of American identity in works by Charlotte Perkins Gilman Eugene O Neill Lillian Hellman Djuna Barnes Amiri Baraka Margaret Atwood N Scott Momaday Spike Lee Leslie Marmon Silko Tony Kushner and Heidi Schreck

**Occupied Reading** Alan A. Block, 2023-05-31 Today s growing national concern about education centers on the paramount importance of teaching reading and writing This volume offers a rigorous examination of reading and the pedagogy of reading critically The book examines the crucial role of reading in the education of the child for the year 2000 and explores the history of reading and readers in America while surveying the attendant literacy debates The author examines the historical progress of American reading instruction demonstrating that how one is taught to read not only

determines what one will read but also what is permissible to read and how pedagogies of reading define reading publics An important chapter focuses on reading as a process of identity construction that creates not only a text but shapes the person who reads that text The book also describes reading as a psychological process in which the creative act of manipulating the text produces the self and the world A final chapter discusses reading as the center of the educational system and examines methodologies An index is provided

*People of the Dream* Michael O. Emerson, 2010-12-16 It is sometimes said that the most segregated time of the week in the United States is Sunday morning Even as workplaces and public institutions such as the military have become racially integrated racial separation in Christian religious congregations is the norm And yet some congregations remain stubbornly racially mixed *People of the Dream* is the most complete study of this phenomenon ever undertaken Author Michael Emerson explores such questions as how do racially mixed congregations come together How are they sustained Who attends them how did they get there and what are their experiences Engagingly written the book enters the worlds of these congregations through national surveys and in depth studies of those attending racially mixed churches Data for the book was collected over seven years by the author and his research team It includes

more than 2 500 telephone interviews hundreds of written surveys and extensive visits to mixed race congregations throughout the United States People of the Dream argues that multiracial congregations are bridge organizations that gather and facilitate cross racial friendships disproportionately housing people who have substantially more racially diverse social networks than do other Americans The book concludes that multiracial congregations and the people in them may be harbingers of racial change to come in the United States
