Scaling for Success T. Brad Harris, Andrew C. Bartlow, 2021-07-06 Managing a high growth organization requires both strategy and adaptability Unfortunately start up founders and executives seeking to scale up to the next level find all too frequently that growth turns into chaos Rather than laying the groundwork for the future organizations get stuck by covering up complex problems with unsustainable band aids and duct tape fixes implementing anecdote based solutions from the latest tech industry unicorns or leadership books and relying on too much on the fly learning from inexperienced managers This book is the definitive guide for leaders of high growth organizations seeking to understand and execute the people management principles that are essential to continued success Combining a wealth of practical experience well grounded academic research and easy to apply frameworks Andrew Bartlow and T Brad Harris offer a practical toolkit that founders functional leaders and managers of people can use to rethink their practices to meet their organizations needs They help readers identify the core people management programs and practices that are best for an organization at its current stage and size while also supporting a foundation for continued development and the capacity to adapt to inevitable surprises Practical actionable and supplemented with numerous diagnostic tools and illustrative examples Scaling for Success is a must have playbook for organizational leaders pursuing smart and sustainable growth The New One-Page Project Manager Clark A. Campbell, Mick Campbell, 2012-11-30 How to manage any project on just one piece of paper The New One Page Project Manager demonstrates how to efficiently and effectively communicate essential elements of a project s status The hands of a pocket watch reveal the time of day without following every spring cog and movement behind the face Similarly an OPPM template reduces any project no matter how large or complicated to a simple one page document perfect for communicating to upper management and other project stakeholders Now in its Second Edition this practical guide currently saving time and effort in thousands of organizations worldwide has itself been simplified then refined and extended to include the innovative AgileOPPM™ This Second Edition will include new material and updates including an introduction of the ground breaking AgileOPPM™ and an overview of MyOPPM™ template builder available on line Includes references throughout the book to the affiliated sections in the Project Management Body of Knowledge PMBOK Shows templates for the Project Management Office PMO This new and updated Second Edition will help you master the one page approach to both traditional project management and Agile project management PMBOK is a registered marks of the Project Management Institute Inc **Sensory Templates and Manager Cognition** Claus Springborg, 2018-03-29 This book explores the role of art and spiritual practices in management education It takes recent developments in cognitive science relating to the metaphorical and embodied nature of cognition as its starting point Introducing the concept of sensory templates Springborg demonstrates how managers unconsciously understand organizational situations and actions as analogous to concrete sensorimotor experiences such as pushing pulling balancing lifting moving with friction connecting

and moving various substances Real life management and leadership case studies illustrate how changing the sensory templates one uses to understand a particular situation can increase managerial efficiency and bring simple solutions to problems that have troubled managers for years Sensory Templates and Manager Cognition will be of interest to scholars and students of managerial cognition leadership and neuroscience as well as practising managers and management educators
