Designers—Designers who create visual information for delivery through brochures and ads, newsletters, magazines, signage, packaging, websites, t-shirts, and posters. Many started working exclusively in print, but in recent years more and more take on work in digital media as well. They are usually comfortable handling print projects from concept all the way through final production, but are more likely to work with web designers, interactive designers, and web developers for digital media such as interactive applications and websites.
