**Scenes from the American Working Class** Steven Michels, 2024-12-15 What have depictions of the working class in popular culture added to our understanding of the professional lives of Americans Scenes from the American Working Class This Hard Land offers twelve unique and profound answers from some of the most impactful and timeless novels O Pioneers Ann Vickers and Native Son films Blue Collar Wall Street and Other People s Money television shows The Wire and Mad Men songs the work of Bruce Springsteen and poems Natasha Tretheway s Drapery Factory Gulfport Mississippi 1956 Key themes include the turn from agrarianism to industrialism and post industrialism the challenges particular to women new immigrants and workers of color and the relationship between the demands of the workplace and the responsibilities of citizens in a democracy Also explored is the extent to which having a productive and fulfilling working life is essential to living a life of meaning and purpose Although there is a significant gap between the rhetoric and the reality of the American dream these portrayals all give a glimpse into the resiliency and optimism of workers and why the country continues to be a land of hope

**The Working Classroom** Matt Bromley, Andy Griffith, 2023-11-08 Schools do amazing work to support children from disadvantaged backgrounds But this book will enable them to do more Disadvantage comes in many forms but cultural

poverty where some students have relative knowledge gaps compared with their more affluent peers can be addressed successfully by schools. *The Working Classroom* explores how working class students are disadvantaged by a flawed system and what schools can do to close the gap. Written by two experienced authors with a deep understanding of the challenges that poverty and low aspiration can bring and a passion for social justice, *The Working Classroom* examines how and why we must seek systemic changes. The book focuses on actions within the control of teachers and school leaders which will ensure that we create a socially just education system, one that builds on the rich heritage of the working class rather than seeing their background as a weakness. It offers practical ways for students and families to build on the best of working class culture whilst also empowering teachers, students and parents to change the system. *The Working Classroom* provides teachers with useful methods to improve the cultural capital of students from disadvantaged backgrounds that can be easily replicated and implemented in their own setting. Backed up by practical case studies that have a proven impact in schools with high levels of deprivation, this book will enable teachers to audit their current provision and encourage them to adopt new systems and practices so that they and the wider school will have a greater impact on the lives of working class students and their families. Suitable for both teachers and leaders in a secondary school or sixth form college setting who seek to support social change in education and anyone in the corporate or non education world who wants to practice effective altruism or philanthropy.

**The Oxford Handbook of U.S. Judicial Behavior** Lee Epstein, Stefanie A. Lindquist, 2017-06-08. The Oxford Handbook of U.S. Judicial Behavior offers readers a comprehensive introduction and analysis of research regarding decision making by judges serving on federal and state courts in the U.S. Featuring contributions from leading scholars in the field, the Handbook describes and explains how the courts' political and social context, formal institutional structures and informal norms affect judicial decision making. The Handbook also explores the impact of judges' personal attributes and preferences as well as prevailing legal doctrine influence and shape case outcomes in state and federal courts. The volume also proposes avenues for future research in the various topics addressed throughout the book. Consultant Editor for The Oxford Handbooks of American Politics, George C. Edwards III.

**Bridging Research and Library Practice** Krystyna K. Matusiak, Kawanna M. Bright, Debbie Schachter, 2023-11-20. Bridging the gap between research and practice communities is more pertinent than ever because of the need for evidence in developing and evaluating library services and programs. The gap between research and library practice has been discussed in the library and information science (LIS) field for almost two decades. The issues range from limited transfer of ideas from research into practice to a lack of education in research methods for library practitioners. This book introduces new voices from international research and practice communities into the discussion and contributes to the debate about the research-practice divide. Education and continuing training in research methods from international perspectives are explored and the experiences of researcher-practitioners from several countries highlight the issues. The volume includes chapters from LIS educators, academic researchers and researcher-practitioners.

practitioners from 18 countries It features the voices of instructors who teach research methods in LIS programs and library practitioners who engage in research The book is addressed to the global audience of LIS educators and practitioners with the goal of deepening the understanding of LIS education and training in research methods through sharing case studies and approaches to teaching and conducting research in practice *Teaching L2 Composition* Dana R. *Tourism in Development* Peter U.C. Dieke, Brian E.M. King, Richard A.J. Sharpley, 2020-11-20 Over the last fifty years tourism has become firmly established as a development option around the world Commensurate with this the study of tourism s developmental role has also expanded significantly There now exists a broad understanding of the policies and processes opportunities and challenges that apply to tourism s potential contributions to development As the tourism environment now faces numerous challenges and transformations it is timely to reflect on contemporary understandings of the relationship between tourism and development and to consider future directions This thought provoking volume challenges the orthodoxy of tourism and development highlights past and current events and considers longer term repercussions and developments It will be a relevant and enduring resource for academics and undergraduate and postgraduate students in tourism

Fredric Jameson Robert T. Tally, 2014-06-20 Fredric Jameson is the most important Marxist critic in the world today While consistently operating at the cutting edge of literary and cultural studies Jameson has remained committed to seemingly old fashioned philosophical discourses most notably dialectical criticism and utopian thought In *Fredric Jameson The Project of Dialectical Criticism* Robert Tally surveys Jameson s entire oeuvre from his early studies of Sartre and formal criticism through his engagements with postmodernism and globalisation to his recent readings of Hegel Marx and the valences of the dialectic The book is both a comprehensive critical guide to Jameson s theoretical project and itself a convincing argument for the power of dialectical criticism to understand the world today

**Decentralization and Its Discontents** Max R Lane, 2014-06-03 Decentralization is a major trend in Indonesia since the first decades of that nation under Sukarno and Suharto Max Lane is justly treasured for illuminating those first decades for example through his translations of Pramoedya Ananta Toer and his excellent book *Unfinished Nation Indonesia Before and After Suharto* Anyone who seeks insights into the current trend of decentralization whether in Indonesia or other parts of the world will find this work cogent James L Peacock Kenan Distinguished Professor University of North Carolina at Chapel Hill This book opens up the discussion on the history and political economy of the new populist policies that seem to gain momentum in the face of the Indonesian elections It also addresses questions pertaining to the problems and options related to popular aspirations within this context all of which cannot be explained very well by any of the predominant theses on Indonesia whether as an oligarchy or a democratically liberal but economically predatory country Professor Olle Trnquist University of Oslo

**A Handbook for Teaching and Learning in Higher Education** Stephanie Marshall, Heather

Fry, Steve Ketteridge, 2014-08-21 This entirely new edition of a very successful book focuses on developing professional academic skills for supporting and supervising student learning and effective teaching. It is built on the premise that the roles of those who teach in higher education are complex and multi-faceted. *A Handbook for Teaching and Learning in Higher Education* is sensitive to the competing demands of teaching, research, scholarship and academic management. The new edition reflects and responds to the rapidly changing context of higher education and to current understanding of how to best support student learning. Drawing together a large number of expert authors, it continues to feature extensive use of case studies that show how successful teachers have implemented these ideas. It includes key topics such as student engagement and motivation, internationalisation, employability, inclusive strategies for teaching, effective use of technology and issues relating to postgraduate students and student retention. Part 1 explores a number of aspects of the context of UK higher education that affect the education of students, looking at the drivers of institutional behaviours and how to achieve success as a university teacher. Part 2 examines learning, teaching and supervising in higher education and includes chapters on working with diversity, encouraging independent learning and learning gain. Part 3 considers approaches to teaching and learning in different disciplines, covering a full range including arts and humanities, social sciences, experimental sciences through to medicine and dentistry. Written to support the excellence in teaching and learning design required to bring about student learning of the highest quality, this will be essential reading for all new lecturers, particularly anyone taking an accredited course in teaching and learning in higher education, as well as those experienced lecturers who wish to improve their teaching practice. Those working in adult learning and educational development will also find the book to be a particularly useful resource.
