## **Fake Facebook Page Template:**

*Web Penetration Testing with Kali Linux* Joseph Muniz, 2013-09-25 *Web Penetration Testing with Kali Linux* contains various penetration testing methods using BackTrack that will be used by the reader. It contains clear step by step instructions with a lot of screenshots. It is written in an easy to understand language which will further simplify the understanding for the user. *Web Penetration Testing with Kali Linux* is ideal for anyone who is interested in learning how to become a penetration tester. It will also help the users who are new to Kali Linux and want to learn the features and differences in Kali versus Backtrack and seasoned penetration testers who may need a refresher or reference on new tools and techniques. Basic familiarity with web based programming languages such as PHP JavaScript and MySQL will also prove helpful.

The Learning and Development Book Tricia Emerson, Mary Stewart, 2011-11-15 Everyone thinks they know everything about training. Right? We've all gone to school, been trained on the job and maybe endured the occasional corporate seminar. But if you're a professional in this field, you know that's familiarity, not expertise. Instructional design and implementation are not as easy as they look. You know there's an art to enabling people to truly change their behavior, moving themselves and their organizations toward the right future. That's what inspired *The Learning and Development Book*. Open the book to any page and you'll find a short chapter that holds one hard won lesson, the reward of decades implementing instructional design in real world settings. Why should learning be more like playing? Is the culture of your organization working against you? Should you really measure the effects of your training program? Have you ever thought that learning begins when training ends? Each chapter holds a nugget of wisdom on subjects like these. Whether you're a battle tested educator or embarking on your first big training job, we hope we can give you tips, tools, big ideas and bonus: a smile.

Professional WordPress Brad Williams, David Damstra, Hal Stern, 2012-12-17 The highly praised resource returns with updated content, examples and code downloads.
