Republic of Spin David Greenberg, 2016-01-11 A brilliant fast moving narrative history of the leaders who have defined the modern American presidency Bob Woodward In Republic of Spin a vibrant history covering more than one hundred years of politics presidential historian David Greenberg recounts the rise of the White House spin machine from Teddy Roosevelt to Barack Obama His sweeping startling narrative takes us behind the scenes to see how the tools and techniques of image making and message craft work We meet Woodrow Wilson convening the first White House press conference Franklin Roosevelt huddling with his private pollsters Ronald Reagan s aides crafting his nightly news sound bites and George W Bush staging his Mission Accomplished photo op We meet too the backstage visionaries who pioneered new ways of gauging public opinion and mastering the media figures like George Cortelyou TR s brilliantly efficient press manager 1920s ad whiz Bruce Barton Robert Montgomery Dwight Eisenhower s canny TV coach and of course the key spinmeisters of our own times from Roger Ailes to David Axelrod Greenberg also examines the profound debates Americans have waged over the effect of spin on our politics Does spin help our leaders manipulate the citizenry Or does it allow them to engage us more fully in the democratic project Exploring the ideas of the century s most incisive political critics from Walter Lippmann and H L Mencken to Hannah Arendt and Stephen Colbert Republic of Spin illuminates both the power of spin and its limitations its capacity not only to mislead but also to lead

Resources for Teaching Middle School Science Smithsonian Institution, National Academy of Engineering, National Science Resources Center of the National Academy of Sciences, Institute of Medicine, 1998-04-30 With age appropriate inquiry centered curriculum materials and sound teaching practices middle school science can capture the interest and energy of adolescent students and expand their understanding of the world around them Resources for Teaching Middle School Science developed by the National Science Resources Center NSRC is a valuable tool for identifying and selecting effective science curriculum materials that will engage students in grades 6 through 8 The volume describes more than 400 curriculum titles that are aligned with the National Science Education Standards This completely new guide follows on the success of Resources for Teaching Elementary School Science the first in the NSRC series of annotated guides to hands on inquiry centered curriculum materials and other resources for science teachers The curriculum materials in the new guide are grouped in five chapters by scientific area Physical Science Life Science Environmental Science Earth and Space Science and Multidisciplinary and Applied Science They are also grouped by type core materials supplementary units and science activity books Each annotation of curriculum material includes a recommended grade level a description of the activities involved and of what students can be expected to learn a list of accompanying materials a reading level and ordering information The curriculum materials included in this book were selected by panels of teachers and scientists using evaluation criteria

developed for the guide. The criteria reflect and incorporate goals and principles of the National Science Education Standards. The annotations designate the specific content standards on which these curriculum pieces focus. In addition to the curriculum chapters, the guide contains six chapters of diverse resources that are directly relevant to middle school science. Among these is a chapter on educational software and multimedia programs, chapters on books about science and teaching, directories and guides to science trade books and periodicals for teachers and students. Another section features institutional resources. One chapter lists about 600 science centers, museums, and zoos where teachers can take middle school students for interactive science experiences. Another chapter describes nearly 140 professional associations and U.S. government agencies that offer resources and assistance. Authoritative, extensive, and thoroughly indexed, and the only guide of its kind, *Resources for Teaching Middle School Science* will be the most used book on the shelf for science teachers, school administrators, teacher trainers, science curriculum specialists, advocates of hands-on science teaching, and concerned parents.
