Handgun Guide for Women gives a public voice to the legions of female gun enthusiasts in the United States. It is a common sense step by step guide to making the decision to purchase a gun, selecting the correct gun, securely keeping a gun in the home and maintaining the proficiency necessary to be a safe gun owner 100 percent of the time. The book also defies the theory among the popular media that women are by their maternal nature anti gun. Author Tara Dixon Engel, an NRA certified instructor in handguns, rifles, shotguns, personal defense and home defense, writes that women should be gun advocates. A firearm is often the one thing that stands between your family and a predator. The Handgun Guide for Women reflects a passionate belief in the Second Amendment. It is a straightforward and meticulously clear representation of the responsibilities involved in gun ownership and is the perfect book for anyone who is considering owning a gun or who has been a proud gun owner for many years.
