God Is Not Great Audiobook:

God Is Not Great Christopher Hitchens, 2008-11-19 Christopher Hitchens described in the London Observer as one of the most prolific as well as brilliant journalists of our time takes on his biggest subject yet the increasingly dangerous role of religion in the world In the tradition of Bertrand Russell s *Why I Am Not a Christian* and Sam Harris s bestseller *The End Of Faith* Christopher Hitchens makes the ultimate case against religion With a close and erudite reading of the major religious texts he documents the ways in which religion is a man made wish a cause of dangerous sexual repression and a distortion of our origins in the cosmos With eloquent clarity Hitchens frames the argument for a more secular life based on science and reason in which hell is replaced by the Hubble Telescope s awesome view of the universe and Moses and the burning bush give way to the beauty and symmetry of the double helix

God is Not Great Christopher Hitchens, 2007 Hitchens takes on his biggest subject yet the increasingly dangerous role of religion in the world With insight and wit he describes the ways in which religion is man made immoral and repressive and argues for a new enlightenment through science and reason

Stenger,2009-12-04 In recent years a number of bestselling books have forcefully argued that belief in God can no longer be defended on rational or empirical grounds and that the scientific worldview has rendered obsolete the traditional beliefs held by Christianity Judaism and Islam The authors of these books Richard Dawkins Daniel Dennett Sam Harris Christopher Hitchens and Victor J Stenger

have come to be known as the New Atheists Predictably their works have been controversial and attracted a good deal of critical reaction In this new book Victor J Stenger whose *God The Failed Hypothesis* was on the New York Times bestseller list in 2007 reviews and expands upon the principles of New Atheism and answers many of its critics He demonstrates in detail that naturalism the view that all of reality is reducible to matter and nothing else is sufficient to explain everything we observe in the universe from the most distant galaxies to the inner workings of the brain that result in the phenomenon of mind Stenger disputes the claim of many critics that the question of whether God exists is beyond the ken of science On the contrary he argues that absence of evidence for God is indeed evidence of absence when the evidence should be there and is not Turning from scientific to historical evidence Stenger then points out the many examples of evil perpetrated in the name of religion He also notes that the Bible which is still taken to be divine revelation by millions fails as a basis for morality and is unable to account for the problem of unnecessary suffering throughout the world Finally he discusses the teachings of ancient nontheist sages such as Buddha Lao Tzu and Confucius whose guidelines for coping with the problems of life and death did not depend upon a supernatural metaphysics Stenger argues that this way of nature is far superior to the traditional supernatural monotheisms which history shows can lead to a host of evils The New Atheism is a well argued defense of the atheist position and a strong rebuttal of its critics

Read the Bible like a Mystic

Carl McColman,2025-06-10 There is a better way to read the Bible with the eyes of a mystic and the heart of contemplation Can the Bible be saved More and more Christians are troubled by how difficult passages in the Bible can be used to promote sexism homophobia hostility to other faiths and other problems but a sterile academic reading of the sacred text seems spiritually unfulfilling Carl McColman author of The New Big Book of Christian Mysticism reminds us that there is an ancient third way of approaching the Bible reading scripture like a mystic This contemplative approach to the Bible understands that much of the sacred text was never meant to be taken literally yet this approach maintains that spiritual wisdom guidance in prayer and encouragement for meditation are encoded throughout the sacred text Read the Bible like a Mystic will help Christians find an expanded relationship with their sacred textbook and it will also invite all people Christian and non Christian alike to bring together the wisdom of the written word with the wisdom of the contemplative life and the call to foster peace justice and equality in our world Whether you come to the Bible from a preexisting interest in Christianity or mysticism this book shows how contemplative wisdom unlocks the liberating power of the Word for our time
