Good Books On Chinese History

William Swan Sonnenschein

Good Books On Chinese History:

Telling Chinese History Frederic E. Wakeman, 2009 Frederic Wakeman's scholarship is impeccable and the breadth of learning in this book is astounding. I repeatedly found myself slowing down to savor the material. Many of the essays in this collection are no longer easily accessible and placing them together in a single volume will be a great benefit to the next generation of students and scholars. Joseph W. Esherick, author of *The Origins of the Boxer Uprising*. This book brings together the best of Frederic Wakeman's articles, all of which are beautifully written and represent the remarkable breadth of Wakeman's research. The opportunity to read them together sheds new light on Chinese history and on the thought processes of one of the West's greatest historians. Madeleine Zelin, Director of the East Asian National Resource Center at Columbia University.

Chinese History and Culture Ying-shih Yü, 2016-09-20 The recipient of the Kluge Prize for lifetime achievement in the humanities and the Tang Prize for revolutionary research in Sinology. Ying-shih Yü is a premier scholar of Chinese studies. *Chinese History and Culture* volumes 1 and 2 bring his extraordinary oeuvre to English-speaking readers. Spanning two thousand years of social, intellectual, and political change, the essays in these volumes investigate two central questions through all aspects of Chinese life: what core values sustained this ancient civilization through centuries of upheaval, and in what ways did these values survive in modern times. From Yü's perspective, the Dao or the Way constitutes the inner core of Chinese civilization. His work explores the unique dynamics between Chinese intellectuals' discourse on the Dao or moral principles for a symbolized ideal world order and their criticism of contemporary reality throughout Chinese history. Volume 1 of *Chinese History and Culture* explores how the Dao was reformulated, expanded, defended, and preserved by Chinese intellectuals up to the seventeenth century, guiding them through history's darkest turns. Essays incorporate the evolving conception of the soul and the afterlife in pre and post-Buddhist China; the significance of eating practices and social etiquette; the move toward greater individualism; the rise of the Neo-Daoist movement; the spread of Confucian ethics; and the growth of merchant culture and capitalism. A true panorama of Chinese culture's continuities and transition. Yü's two-volume *Chinese History and Culture* gives readers of all backgrounds a unique education in the meaning of Chinese civilization.

Telling Chinese History Frederic E. Wakeman, 2009-03-10 Frederic Wakeman's scholarship is impeccable and the breadth of learning in this book is astounding. I repeatedly found myself slowing down to savor the material. Many of the essays in this collection are no longer easily accessible and placing them together in a single volume will be a great benefit to the next generation of students and scholars. Joseph W. This book brings together the best of Frederic Wakeman's articles, all of which are beautifully written and represent the remarkable breadth of Wakeman's research. The opportunity to read them together sheds new light on Chinese history and on the thought processes of one of the West's greatest historians. Madeleine Zelin, Director of the East Asian National Resource Center at Columbia University.

A Companion to Chinese History Michael Szonyi, 2017-02-06 A Companion to

Chinese History presents a collection of essays offering a comprehensive overview of the latest intellectual developments in the study of China's history from the ancient past up until the present day. Covers the major trends in the study of Chinese history from antiquity to the present day. Considers the latest scholarship of historians working in China and around the world. Explores a variety of long range questions and themes which serves to bridge the conventional divide between China's traditional and modern eras. Addresses China's connections with other nations and regions and enables non specialists to make comparisons with their own fields. Features discussion of traditional topics and chronological approaches as well as newer themes such as Chinese history in relation to sexuality, national identity and the environment.

The Cambridge Illustrated History of China Patricia Buckley Ebrey, 1999-05-13

In an extraordinary feat of synthesis Patricia Buckley Ebrey, a leading scholar of China, gives an engaging full gloriously illustrated account of over 8000 years of Chinese civilization from prehistoric times through the rise of Confucianism, Buddhism and the imperial dynasties to the modern communist state. In addition she explores the different factors and forces, ideas and inventions, events and leaders that have shaped the remarkable Chinese civilization we know today, including the technological advances, the population explosion and the turmoil of the Cultural Revolution. Everything appears from the influence of leading Chinese historians, poets, novelists and dramatists to the impact of key philosophical and religious ideas, art forms, family patterns and the Mongol, Manchu and Western intrusions.

[Encyclopedia of Chinese History](#) Michael Dillon, 2016-12-01

China has become accessible to the west in the last twenty years in a way that was not possible in the previous thirty. The number of westerners travelling to China to study for business or for tourism has increased dramatically and there has been a corresponding increase in interest in Chinese culture, society and economy and increasing coverage of contemporary China in the media. Our understanding of China's history has also been evolving. The study of history in the People's Republic of China during the Mao Zedong period was strictly regulated and primary sources were rarely available to westerners or even to most Chinese historians. Now that the Chinese archives are open to researchers there is a growing body of academic expertise on history in China that is open to western analysis and historical methods. This has in many ways changed the way that Chinese history, particularly the modern period, is viewed. The Encyclopedia of Chinese History covers the entire span of Chinese history from the period known primarily through archaeology to the present day. Treating Chinese history in the broadest sense, the Encyclopedia includes coverage of the frontier regions of Manchuria, Mongolia, Xinjiang and Tibet that have played such an important role in the history of China. Proper and will also include material on Taiwan and on the Chinese diaspora. In A-Z format with entries written by experts in the field of Chinese Studies, the Encyclopedia will be an invaluable resource for students of Chinese history, politics and

culture **The History of China: A Concise Introduction to Chinese History, Culture, Dynasties, Mythology, Great Achievements & More of The Oldest Living Civilization** History Brought Alive, 2022-08-02 Chinese History Covers Thousands of Years is Rich in Culture Legends Myths Empires Battles Remains One of The Most Interesting in the World In this book we explore the magnificent history of China from the early origins to its rise as a modern super power While there are many books that explore China s history public knowledge is still lacking Many people can name more than one Roman Emperor but how many can name a Chinese Emperor For anyone who wants to know more about this once closed and distant culture History Brought Alive brings you a concise masterful and reliable book on the history of China Join us as we travel through over four thousand years of Chinese history culture myths and more Beginning from the earliest creation myths and the first archaeological evidence of complex societies we will ground your understanding in the foundations of China s past Inside you will discover The Five Major Eras Ancient China The First Second Third Imperial Ages The Modern Age Innovations World Firsts Important Inventions Including Paper Money Insurance The Printing Press and more The Prosperity Rise of The Han Chinese the majority ethnic group in China Marco Polo how a lowly merchant from the opposite end of the earth found a place of high employment The Mongol Terror Bloodshed Genghis Khan The Mongol Raiders Great Personages including Emperor Wu Mao Zedong Qin Shi Huangdi Confucius and more Trade History Silver Investment The Opium Wars The Cultural Revolution How Mao Zedong and the Communist Party Began Transforming China An Era of Modernization China Becomes a Modern Superpower The Future And much much more Whether you re a history enthusiast or just a curious reader inside you will discover a wealth of Chinese cultural history mythology and more So if you want to find out more about Chinese History then this is The Book for You

Eventually, you will entirely discover a new experience and completion by spending more cash. nevertheless when? do you say you will that you require to get those every needs similar to having significantly cash?
