- The larger the number, the warmer the temperature. The smaller the number, the colder the temperature with 32°F representing the freezing temperature of water. Therefore it was 70° warmer in Tempe than in Duluth.
- The larger the number, the better the score with a score of 100 being a perfect score. So, your score is better than your friend's by 2 points.

- The numbers represent the speed in miles per hour that you are traveling. The larger the number, the faster you are traveling. Therefore, you and your family will arrive at the beach much sooner than your friend and her family, since your family was traveling 320 mph faster than your friend's.
- The numbers represent the points scored for a particular team. Because Dallas scored more than Buffalo, Dallas won the game.
