Environmental Protection Agency, Paul and Economics Thomas R. Blanton IV,Raymond Pickett,2017-06-15 The social context of Paul s mission and congregations has been the study of intense investigation for decades but only in recent years have questions of economic realities and the relationship between rich and poor come to the forefront In Paul and Economics leading scholars address a variety of topics in contemporary discussion including an overview of the Roman economy the economic profile of Paul and of his communities and stratification within them architectural considerations regarding where they met food and drink idol meat and the Lord s Supper material conditions of urban poverty patronage slavery travel gender and status the collection for Jerusalem and the role of Marxist theory and the question of political economy in Paul scholarship Audio Amateur ,1992 **Paul and Money** Verlyn Verbrugge,Keith R. Krell,2015-06-23 The apostle Paul one of the most prominent figures in the early Jesus movement had a lot to say about money His letters deal with real people as they lived their Christian lives in the Greco Roman world He finds it necessary to address those who are rich in this present world 1 Tim 6 17 But he also has to address those do not want to work for whatever reason and are idle and disruptive 2 Thess 3 6 Moreover whereas most churches today have a certain socio economic homogeneity some of Paul s churches had a combination of upper class wealthy people and lower class slaves worshiping side by side and it inevitably created friction esp 1 Cor 11 17 34 During the past twenty years a significant amount of research has been done on class consciousness in the Greco Roman world and on the significance of Paul s fund raising venture for the poor among the Lord s people in Jerusalem the collection for his ministry Relying on the surprising results of current Pauline scholarship and a careful exegesis of a variety of New Testament texts this book offers a thorough investigation of the apostle Paul s sayings and dealings with money Light from the Gentiles: Hellenistic Philosophy and Early Christianity Abraham J. Malherbe,2013-10-10 Rather than viewing the Graeco Roman world as the background against which early Christian texts should be read Abraham J Malherbe saw the ancient Mediterranean world as a rich ecology of diverse intellectual traditions that interacted within specific social contexts These essays spanning over fifty years illustrate Malherbe s appreciation of the complexities of this ecology and what is required to explore philological and conceptual connections between early Christian writers especially Paul and Athenagoras

and their literary counterparts who participated in the religious and philosophical discourse of the wider culture Malherbe's essays laid the groundwork for his magisterial commentary on the Thessalonian correspondence and launched the contemporary study of Hellenistic moral philosophy and early Christianity *The First and Second Letters to the Thessalonians* Gordon D. Fee, 2009-07-10 In this commentary Gordon Fee aims first and foremost to offer a fresh exposition of the text of 1 and 2 Thessalonians He shows the reader what is in the biblical text what the text meant in the first century and what it means now Fee reveals the logic of each argument or narrative before moving on to the details of each verse and he concludes each section with a theological practical reflection on the meaning of the text for today Among other things Fee explores the occasion for Paul's writing of each epistle restoring 2 Thessalonians to its rightful place as a full companion to the first letter not merely a tagalong to 1 Thessalonians A labor of love on Fee's part this commentary will serve to help rescue 1 and 2 Thessalonians from their Cinderella status among Paul's letters Fee's primary target is the proverbial busy pastor who wants help in understanding the biblical text as he or she prepares to preach or teach However as with all his commentaries he also provides solid exposition for students in the process of learning how to preach or teach and enough technical material mostly in the footnotes so that even the scholar can benefit *The Publishers Weekly*, 1890 *The English Catalogue of Books ...*, 1884 *Bookseller and the Stationery Trades' Journal*, 1974
