## Greys Episode Guide:

Diagnosis Female Emily Dwass, 2019-10-15 Why do so many women have trouble getting effective and compassionate medical treatment *Diagnosis Female* examines this widespread problem with a focus on misdiagnosis and gender bias The book zeroes in on specialties where women are more likely to encounter particularly troubling roadblocks cardiology neurology chronic diseases and obstetrics gynecology All too often when doctors can't figure out what is going on women receive a diagnosis from the all in her head column this pattern is even worse for women of color who may face significant challenges in medical settings Throughout the work Emily Dwass profiles women whose stories illustrate how medical practitioners often dismiss their claims or disregard their symptoms Because women were excluded from important medical research for centuries doctors don't always recognize that male symptoms and female symptoms can vary from issue to issue Even today most diagnostic tests and treatment plans are based on studies done on men Throughout the book women state that their voices do not matter or worse their concerns are greeted with skepticism or simply ignored when they seek help The results can be devastating and long lasting Examining the bias inherent in the system Dwass offers measures women can take to protect their health and receive better care She offers advice too for the medical community in addressing the problem so that outcomes can improve all around If you're a woman and you seek medical care this book is a must read Your health depends upon it

*Queers in American Popular Culture* Jim Elledge, 2010-10-06 This three volume collection of essays reveals the widespread existence of queer men and women in American popular culture and showcases their important yet little known role in shaping our society over the last 120 years The virtually unknown existence of gay bisexual and queer men and women in American popular culture from the late 1800s through the present day is a fascinating topic for many readers regardless of their own orientation Whether it's the father of bodybuilding famous closeted entertainers or sports stars or the leading characters in current television shows and films queer men and women have changed the face of American popular culture and society for over a century Ironically most of the fascinating information anecdotes and revealing facts about well known figures in American culture are virtually unknown to the typical U.S. citizen Elledge's *Queers in American Popular Culture* covers a wide variety of historical and current topics that documents how the queer community has been and continues to be one of the most significant shapers of American popular culture Currently no other book covers queer topics in American popular culture as broadly as this text

**Focus On: 100 Most Popular Fictional African-American People** Wikipedia contributors, *Language Teacher Psychology* Sarah Mercer, Achilles

Kostoulas, 2018-01-05 To date the majority of work in language learning psychology has focused on the learner In contrast relatively little attention has been paid to teacher psychology This volume seeks to redress the imbalance by bringing together various strands of research into the psychology of language teachers It consists of 19 contributions on well established areas of teacher psychology as well as areas that have only recently begun to be explored This original collection

which covers a multitude of theoretical and methodological perspectives makes a significant contribution to the emerging field of language teacher psychology as a domain of inquiry within language education

**The Complete Guide to Mysterious Beings** John A. Keel, 2002-10-13 A comprehensive encyclopedia of the unexplained with incredible eyewitness accounts of strange creatures from around the globe Including Angles and Demons The Mothman Dinosaurs that still roam the earth Bigfoot the Abominable Snowman and other hairy monsters A real life land of the giants The Loch Ness monster the Silver Lake Sea Serpent and other lake creatures Dragons Giant Flying Snakes Carnivorous Plants from outer space Unidentified submarine objects Aliens bedroom invaders and cattle rustlers from the skies The Grinning Man Green men Leprechauns and other little people Vampires and Werewolves and much more **TV Guide** , 2007
