## **Inside My Mind:**

Inside My Mind Ron Hester, 2012-03-22 Too many of us take too much for granted For example if we saw an old lady crossing the street many of us would look at her and say Well thats just an old lady or wouldnt think anything of her at all We dont stop to realize that the little old lady is someones mother that she belongs to someones family and that she means a lot to somebody We take too much for granted We let the little things that mean so much go by every day and once they are gone time never gives them back Concentrate on these things because they can bring so much to your life Take the time to thank your heavenly Father make family time husband time wife time children time listening time talking time caring time sharing time crying time peaceful time special time and last but not least giving time *Life Inside My Mind* Jessica Burkhart, Maureen Johnson, Robison Wells, Lauren Oliver, Jennifer L. Trapped in My Mind L.P. MD., 2018-02-10 The author decided to write Trapped in My Mind for herself and for others who have experienced disturbing moments in their lives She underwent the most unpredictable and painful episode that a human being can go through She hopes that sharing this experience with you will teach you and herself how to make a difference in the way people interact with one another that together we will learn how to love and be compassionate and caring However she fears that all is gone now What you are going to read is not a work of fiction nor is it a love story Its as real as the sky In Trapped in My Mind the author shares a very dramatic episode that recently happened to her It is a treatise to society that we must open our eyes and listen to the illness that might be lurking within and might hit us badly If through sharing she can change how people perceive or judge just one person experiencing what she went through she will have achieved her goal This is why she is sharing her own story sharing her mind The events that transpire in Trapped in My Mind are real and have affected many lives mostly the authors When you see someone anyone wandering while talking to himself or herself what do you think What comes to your mind Probably nothing Or perhaps you just stare at the person Maybe you even make fun of the person or just ignore the situation entirely In truth its a question that probably most of us dont know how to answer When you have finished reading Trapped in My mind you will probably the author hopes we will all probably be able to better comprehend and learn how to react in any specific situation you might be involved in or witness along your path in life We know so little about our minds and brains But the author of Trapped in My Mind does know that the mind has a limit that it cant take too much and continue to handle the situations we deal with on a daily basis There are multiple ways to cope in life Some people drink to forget Others use drugs and so on to defend themselves to protect themselves But sometimes the author would say that more than we know the mind shuts down perhaps because its the only way our minds know to manage a unique situation that could otherwise hurt us whatever that situation may be The author was inspired to write Trapped in My Mind for those who have come out of just such a state of mind because they fought and they won They were lost and they found themselves To all of you she extends her sincerest congratulations and adds that you are strong and deserve the best of the best

*Stream System* Gerald Murnane, 2018-04-03 Stories from a mind bending Australian master a genius on the level of Beckett Teju Cole Never before available to readers in this hemisphere these stories originally published from 1985 to 2012 offer an irresistible compendium of the work of one of contemporary fiction s greatest magicians While the Australian master Gerald Murnane s reputation rests largely on his longer works of fiction his short stories stand among the most brilliant and idiosyncratic uses of the form since Borges Beckett and Nabokov Brutal comic obscene and crystalline *Stream System* runs from the haunting *Land Deal* which imagines the colonization of Australia and the ultimate vengeance of its indigenous people as a series of nested dreams to *Finger Web* which tells a quietly terrifying fractal tale of the scars of war and the roots of misogyny to *The Interior of Gaaldine* which finds its anxious protagonist stranded beyond the limits of fiction itself No one else writes like Murnane and there are few other authors alive still capable of changing how and why we read
