Lorax Questions And Answer:

Wild Things Sidney I. Dobrin, Kenneth B. Kidd, 2004 Today's children are occupied with activities taking place in settings that are isolated from nature or are simulations of the earth's natural environment. This text examines the ways in which literature, media, and other cultural forms for young people address nature, place, and ecology. [Integrating Science and Language Arts in Your Classroom](#) Jean Pottle, Mary Rutley, 1996 Literature-based activities designed to be used with five thematic sections covering plant and animal species, habitats, threats to the environment, natural phenomena, and technology.

Sure everyone knows the Pilgrims sailed to the New World on the Mayflower, but how many people know what that ship smelled like? And it's a somewhat known fact that Gene Roddenberry wrote lyrics to the Star Trek theme song, but few people know why he wrote them. Do you? Learn the answer to both of these conundrums and hundreds more and expand your knowledge on a wide array of topics including science, history, politics, sports, entertainment, language, and more. The questions may seem impossible, but the answers are just a page away.

Project Learning Tree, 1994 *Once Upon a Crime* Wanda Cassidy, Ruth Yates, 2005-01-01 Did Goldilocks wilfully trespass and destroy the property of the three bears? What crime did the wolf commit against the three little pigs, and is the wolf obligated to repair the pigs' homes? Was Peter Pan guilty of kidnapping? In *Once Upon a Crime*, students use familiar stories to experience what it is like to investigate a crime scene, uncover important facts, weave together an argument supported with evidence and witnesses, and present their findings in a trial that simulates a court hearing. They also learn about other ways of resolving conflict, such as mediation, negotiation, and restorative justice processes. Through these activities, children engage in critical thinking, hone their literacy skills, and learn about the role law plays in their lives and their rights and responsibilities as citizens. This book offers step-by-step instructions for conducting mock trials based on fairy tales and other multicultural stories. Five complete trial scripts are included for classroom use. Also included are ideas for adapting contemporary stories into civil and criminal trials and mediation and negotiation activities. *Once Upon a Crime* complements the authors' previous book, *Let's Talk About Law in Elementary School*, which helps teachers integrate law-related ideas and pedagogical approaches into social studies, language arts, and science. *The Teacher's Guide to Media Literacy* Cyndy Scheibe, Faith Rogow, 2012 *A Deeper Sense of Literacy* is the first book to suggest that media literacy is both a content area and an approach to teaching that can be integrated into any subject area. It combines theory and practical application in a way that addresses the most important questions related to media literacy in education today: what is it? why is it important? how can you teach it across a wide range of curriculum areas and grade levels? and does it work? Rather than focusing on how to teach media literacy, Scheibe and Rogow focus on actually using media literacy to teach lessons across the
