Curry Nabeh Ruthnum, 2017-08-14 No two curries are the same This *Curry* asks why the dish is supposed to represent everything brown people eat read and do Curry is a dish that doesn't quite exist but as this hilarious and sharp essay points out a dish that doesn't properly exist can have infinite equally authentic variations By grappling with novels recipes travelogues pop culture and his own background Nabeh Ruthnum depicts how the distinctive taste of curry has often become maladroit shorthand for brown identity With the sardonic wit of Gita Mehta's *Karma Cola* and the refined obsessive palette of Bill Buford's *Heat* Ruthnum sinks his teeth into the story of how the beloved flavour calcified into an aesthetic genre that limits the imaginations of writers readers and eaters Following in the footsteps of Salman Rushdie's *Imaginary Homelands* *Curry* cracks open anew the staid narrative of an authentically Indian diasporic experience

Spicing up Britain Panikos Panayi, 2008-04-15 Among the cuisines of Europe, Britain's has long been regarded as the black sheep: kippers, jellied eels and blood pudding rarely elicit the same fond feelings as chocolate mousse or pasta primavera. Despite these unsavory stereotypes, British cuisine is anything but unremarkable today. Panikos Panayi reveals in this fascinating study that British cuisine has been transformed and enriched by diverse international influences. The last thirty years have seen immigrants flood British shores but *Spicing Up Britain* reveals that foreign influences have been infusing British cuisine for the past 150 years. From the arrival of Italian ice cream vendors and German butchers in the nineteenth century to the British curry that permeates dishes today, Panayi chronicles the rich and fascinating social history behind the rise of a truly multicultural cuisine. The author argues that Britons' eating habits have been reshaped by immigration, globalization and increased wealth and he explores how other cultures have woven themselves into British society through the portal of food. Whether Anglo-Indian fusion dishes like chicken tikka masala, New British cuisine restaurants or the popular home-cooked dish of spaghetti bolognese, Panayi reveals how these changes in British cuisine shed light on the role of multiculturalism in the construction of modern British identity. Britain is a diverse nation in which different peoples are united by willingness to sample the foods produced by other ethnic groups but those ethnic groups are at the same time ghettoized by not moving beyond their own culinary traditions. A comprehensive and engaging investigation, *Spicing Up Britain* serves up delicious new facets of food in Britain today.
