emotion deeply But what if we've been wrong all this time What if that missing emotional insight was there all along locked away and inaccessible in the mind In 2007 John Elder Robison wrote the international bestseller *Look Me in the Eye* a memoir about growing up with Asperger's syndrome Amid the blaze of publicity that followed he received a unique invitation Would John like to take part in a study led by one of the world's foremost neuroscientists who would use an experimental new brain therapy known as TMS or transcranial magnetic stimulation in an effort to understand and then address the issues at the heart of autism Switched On is the extraordinary story of what happened next Having spent forty years as a social outcast misreading others' emotions or missing them completely John is suddenly able to sense a powerful range of feelings in other people However this newfound insight brings unforeseen problems and serious questions As the emotional ground shifts beneath his feet John struggles with the very real possibility that choosing to diminish his disability might also mean sacrificing his unique gifts and even some of his closest relationships Switched On is a real life *Flowers for Algernon* a fascinating and intimate window into what it means to be neurologically different and what happens when the world as you know it is upended overnight Praise for Switched On An eye-opening book with a radical message The transformations Robison undergoes throughout the book are astonishing as foreign and overwhelming as if he woke up one morning with the visual range of a bee or the auditory prowess of a bat The New York Times Astonishing brave reads like a medical thriller and keeps you wondering what will happen next Robison takes readers for a ride through the thorny thickets of neuroscience and leaves us wanting more The Washington Post Fascinating for its insights into Asperger's and research this engrossing record will make readers reexamine their preconceptions about this syndrome and the future of brain manipulation Booklist Like books by Andrew Solomon and Oliver Sacks Switched On offers an opportunity to consider mental processes through a combination of powerful narrative and informative medical context BookPage A mind-blowing book that will force you to ask deep questions about what is important in life Would normalizing the brains of those who think differently reduce their motivation for great achievement Temple Grandin author of *The Autistic Brain* At the heart of Switched On are fundamental questions of who we are of where our identity resides of difference and disability and free will which are brought into sharp focus by Robison's lived experience Graeme Simsion author of *The Rosie Effect*

The Top Books of the Year Huffly Owners Manual The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Huffly Owners Manual : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Huffly Owners Manual : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
