Mahomet Founder Of Islam:

Mahomet Gladys M. Draycott,1916 *Mahomet, Founder Of Islam* Gladys M. Draycott,2024-05 Mahomet - Founder of Islam Gladys M. Draycott,2014-12-09 As an outcome of its political and military needs Mahomet created and established its unassailable belief in fatality not the fatalism of cause and effect bearing within itself the essence of a reason too vast for humanity to comprehend but the fatalism of an omnipotent and capricious power inherent in the Mahomedan conception of God With this mighty and irresponsible being nothing can prevail Before every event the result of it is irrevocably decreed Mankind can alter no tiniest detail of his destined lot The idea corresponds with Mahomet s vision of God an awful incomprehensible deity who dwells perpetually in the terrors of earth not in its gentleness and compassion The doctrine of fatalism **Mahomet, Founder of Islam** Gladys M. Draycott,2019-11-26 In *Mahomet Founder of Islam* Gladys M Draycott delivers a meticulously researched exploration of the life and teachings of the Prophet Muhammad the central figure in Islam The book adopts a scholarly narrative style that interweaves historical analysis with theological inquiry offering readers an in depth understanding of the socio political climate of seventh century Arabia Draycott employs a range of sources including early Islamic texts and contemporary scholarship to shed light on the influences that shaped Muhammad s prophetic mission his doctrines and the early Muslim community This comprehensive treatment contributes significantly to the literary discourse surrounding religious biography and historical Islam Gladys M Draycott a distinguished scholar in religious studies and Middle Eastern history is renowned for her commitment to demystifying complex religious figures through an objective lens Her deep insights into Islamic traditions stem from years of academic research and lived experience in diverse cultural settings This background has informed her nuanced portrayal of Muhammad as both a spiritual leader and a reformer emphasizing the profound impact of his teachings on world history Draycott s *Mahomet Founder of Islam* is highly recommended for scholars students and anyone intrigued by the foundations of one of the world s major religions This book serves not only as an essential resource for understanding Islam but also as a testament to the enduring relevance of Muhammad s teachings in contemporary discourse Readers will emerge with a clearer grasp of Muhammad s role in shaping not only Islamic thought but also intercultural relationships that resonate to this day *Mahomet* Gladys Draycott,2014-11-30 The impetus that gave victory to Islam is spent Since its material prosperity overwhelmed its spiritual ascendancy in the first years of triumph its vitality has waned under the stress of riches then beneath lassitude and the slow decrease of power The Prophet Mahomet is at once the glory and bane of his people the source of their strength and the mainspring of their weakness He represents more effectively than any other religious teacher the sum of his followers spiritual and worldly ideas His position in religion and philosophy is substantially the position of all his followers none have progressed beyond the primary thesis he gave to the Arabian world at the close of his career **Mahomet Or Founder of Islam** M. Draycott,2017-09-10 Excerpt from Mahomet Founder of Islam I am no more than man when I order you anything with respect to religion receive it and when I order you about the affairs of the world then am I nothing more than man About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Mahomet* G. M. Aycott,2014-01 There is no question of his equality with the Godhead or even of his sharing any part of the divine nature He is simply the instrument endowed with a power and authority outside himself a man who possesses one cardinal thesis which all those within his faith must accept The idea which represents at once the scope of his teaching and the source of his triumphs is the unity and indivisibility of the Godhead This is the sole contribution he has made to the progressive thought of the world Though he came later in time than the culture of Greece

and Rome he never knew their philosophies or the sum of their knowledge His religion could never be built upon such basic strength as Christianity It sprang too rapidly into prominence and had no foundation of slowly developed ideas upon which to rest both its enthusiasm and its earthly endeavour Mahomet bears closer resemblance to the ancient Hebrew prophets than to any Christian leader or saint His mind was akin to theirs in its denunciatory fury its prostration before the might and majesty of a single God The evolution of the tribal deity from the local wonderworker whose shrine enclosed his image to the impersonal and distant but awful power who held the earth beneath his sway was Mahomet's contribution to the mental development of his country and the achievement within those confines was wonderful But to the sum of the world's thought he gave little His central tenet had already gained its votaries in other lands and moreover their form of belief in one God was such that further development of thought was still possible to them The philosophy of Islam blocks the way of evolution for itself because its system leaves no room for such pregnant ideas as divine incarnation divine immanence the fatherhood of God It has been content to formulate one article of faith There is no God but God the corollary as to Mahomet's divine appointment to the office of Prophet being merely an affirmation of loyalty to the particular mode of faith he imposed
