HP Unified Functional Testing UFT 11.5 is the first book released globally on HP UFT 11.5 which is the latest and enhanced version of the HP test automation tool Quick Test Professional QTP. This UFT book has been designed with the objectives of simplicity and ease of understanding. This book is recommended both for those who are beginning to learn test automation using QTP and for advanced automation users. Another major highlight of this book is that you will be learning on our custom developed web based application instead of windows based flight reservation application that comes by default with HP QTP UFT. It covers new features of HP UFT 11.5 and also covers aspects of Integration of HP QTP UFT with HP ALM Quality Center platform.
