A Study Guide for Walter Dean Myers's "Sunrise over Fallujah" Gale, Cengage Learning, 2016-07-12 A Study Guide for Walter Dean Myers's *Sunrise over Fallujah* excerpted from Gale's acclaimed *Novels for Students*. This concise study guide includes plot summary, character analysis, author biography, study questions, historical context, suggestions for further reading, and much more. For any literature project, trust *Novels for Students* for all of your research needs. **The Study of**

Witchcraft Deborah Lipp, 2007-10-01 The *Study of Witchcraft* is a compendium for Wiccans who want to deepen their understanding of their traditions. The *Study of Witchcraft* reaches beyond Wicca, delving into topics as diverse as history, psychology, divination, and lucid dreaming. The *Study of Witchcraft* introduces the reader to these topics, discussing each in depth and offering a one-of-a-kind course of study, including recommended reading, offering readers increasingly solitary witches a self-study guide and a rich resource. The *Study of Witchcraft* includes information for all sorts of Wiccans: traditional, eclectic, radical groups, and solitary. Wide-ranging topics also include Western occultism, myth, and folklore, meditation, astrology, the Burning Times, history, herbalism, and much more. Deborah Lipp opens the book with a discussion of the past 40 years of Wiccan history and talks about the diverse people who call themselves Wiccans. Then, throughout the study guide portion, she offers information tailored to different types of Wiccans. Essentially, *The Study of Witchcraft* is a veritable master's degree in Wicca in book form. Written for the needs of the modern Wiccan who learns primarily by self-study. Written by a noted and respected author whose work is already used in study groups. **Religion and Contemporary**

Management Arthur J. Wolak, 2016-11-21 Although few might think of Moses as a leader in the contemporary business and political sense, Moses is not only among the most significant leaders in Western civilization but is also arguably the quintessential example of a powerful leader from whom much can be learned by anyone entering and occupying leadership positions. Various types of leadership approaches are considered that have been advocated by scholars over the past century. Moses' example as described in the Bible is analyzed to assert why Moses' approach makes for an appropriate and compelling form of leadership today. While present leadership and management vocabulary might differ from the Hebrew Bible, many of the notions advocated by modern leadership theorists appear to parallel major behaviors, traits, functions, experiences, and actions ascribed to Moses, especially in the first five books of the Hebrew Bible. Anyone can view Moses through the lens of a particular religion, whether shared or not, and still learn considerably from the experience. One will find Moses depicted as heroic, charismatic, and certainly empathic. Yet Moses also shows transactional, transformational, and visionary leadership qualities. Hence, *Religion and Contemporary Management* discerns why Moses represents such an important model of effective leadership for contemporary times. **Spiritual Unity of Jews and Christians** Vladimir Minkov, 2019-01-28 The

history of the Western civilization is a transformation from the pagan morality to the God-given morality of Judaism, of Christianity, and then of Judeo-Christian civilization as we know it now, with the Jewish mission of the Chosen with the Torah.

as the instructions for replacing the pagan morality under which the humans lived at the beginning The pagan morality is based on enhancing my wellbeing by defeating my neighbor with the help of my god if I bribe enough my god while the God s Torah guided morality is based on enhancing my wellbeing by cooperating with my neighbor and One God will help me to achieve all that if I follow his guidance The spiritual unity of Jews and Christians is explored based on the common Torah Bible guided Judeo Christian morality not on different religious rituals and beliefs created by the priests of Judaism and Christianity That is and many other related things what this book is discussing *World Religions in Practice* Paul Gwynne,2017-05-30 A new and expanded edition of a highly successful textbook on world religions with a comparative approach which explores how six major religions are lived and expressed through their customs rituals and everyday practices A new edition of this major textbook exploring the world s great religions through their customs rituals and everyday practices by focusing on the lived experience This comparative study is enriched and broadened with the inclusion of a sixth religion Daoism Takes a thematic comparative and practical approach each chapter explores a series of key themes including birth death ethics and worship across all six religions at each time Broadens students understanding by offering an impartial discussion of the similarities and differences between each religion Includes an increased range of student friendly features designed to allow students to engage with each religion and extend their understanding *Connecting to God* Corinne Ware,1997-08-01 Although spiritual growth occurs within an individual Ware explains that it is the calling of the congregation to be a community of support and encouragement Indeed it is amidst the support of a group that an individual learns how to live out personal faith Ware provides a very practical and accessible model of spiritual formation for self directing groups that can be led by clergy or laity Includes thorough guidelines do s and don ts and ground rules for the successful pursuit of spiritual growth in small groups **From Primitive to Indigenous** James L. Cox,2016-04-22 The academic study of Indigenous Religions developed historically from missiological and anthropological sources but little analysis has been devoted to this classification within departments of religious studies Evaluating this assumption in the light of case studies drawn from Zimbabwe Alaska and shamanic traditions and in view of current debates over primitivism James Cox mounts a defence for the scholarly use of the category Indigenous Religions **The Huston Smith Reader** Huston Smith,2012-03-26 I read Huston Smith s *The World s Religions* as a teenager It was the most influential event in my life He has shaped my thinking my lifelong quest and guided me to where I am today The Huston Smith Reader will enlighten you delight you and expand your awareness I intend to carry this book with me wherever I go Deepak Chopra author of *War of the Worldviews* Huston Smith approaches religion with the wisdom of a philosopher and the wonder of a child He looks for similarities that unite not differences that divide He comes armed with knowledge and blessed with understanding Don Lattin author of *The Harvard Psychedelic Club* This remarkable book by the beloved scholar practitioner Huston Smith has the depth and breadth of no other It is wise and full of insight at times funny at times poignant Manifesting both lived and living
