Internal Audit Manual 2013:

OECD Public Governance Reviews Internal Audit Manual for the Greek Public Administration OECD, 2018-11-30 This Internal Audit Manual is designed to support the modernisation and standardisation of audit practices in Greek public organisations. It encompasses an array of practical processes and templates and provides concrete guidance on 1 establishing a modern and effective internal audit.

Audit Guide AICPA, 2016-11-07 Want to ensure effective and efficient execution of the Risk Assessment Standards AICPA has the resources you need. Audit Risk Assessment Tool available online only. Assessing and Responding to Audit Risk in a Financial Statement Audit AICPA Audit Guide. The Audit Risk Assessment Tool walks an experienced auditor through the risk assessment procedures and documents those decisions necessary to prepare an effective and efficient audit program. Designed to be used in lieu of cumbersome checklists, it provides a top-down risk-based approach to the identification of high-risk areas to allow for appropriate tailoring of audit programs which will result in audit efficiencies. The tool is available in the Online Subscription format and includes access to the full Risk Assessment Guide. The AICPA Audit Guide Assessing and Responding to Audit Risk in a Financial Statement Audit is the definitive source for guidance on applying the core principles of the risk-based audit methodology that must be used on all financial statement audits. This guide is written in an easy-to-understand style that enables auditors of all experience levels to find answers to the issues they encounter in the field. Unique insights, examples, and a comprehensive case study clarify critical concepts and requirements.

Disclaimer: This Audit Risk Assessment Tool is designed to provide illustrative information with respect to the subject matter covered and is recommended for use on audit engagements that are generally smaller in size and have less complex auditing and accounting issues. It is designed to help identify risks, including significant risks, and document the planned response to those risks. The Audit Risk Assessment Tool should be used as a supplement to a firm's existing planning module, whether in a firm-based or commercially provided methodology. The Audit Risk Assessment Tool is not a complete planning module. The AICPA recommends the Audit Risk Assessment Tool be completed by audit professionals with substantial accounting, auditing, and specific industry experience and knowledge. For a firm to be successful in improving audit quality and efficiencies, it is recommended that a 5 years experienced auditor completes the Audit Risk Assessment Tool or the engagement team member with the most knowledge of the industry and client often. Partner in small/medium firms provides insight to whomever is completing the ARA Tool. The AICPA recommends this should not be delegated to lower-level staff and just reviewed; it should be completed under the direction of the experienced auditor. If you delegate to inexperienced auditor, you will be at risk for less effectiveness and efficiencies because the tool is intended to be completed by an experienced auditor. The Audit Risk Assessment Tool does not establish standards or preferred practices and is not a substitute for the original authoritative auditing guidance. In applying the auditing guidance included in this Audit Risk Assessment Tool, the auditor should use professional judgment to assess the relevance and appropriateness of such guidance.
