**Chasing the Shadow** Steven L. Ossad,2024-12-20 The life of David Mickey Marcus has become the stuff of legends and myths even fantasy conspiracy wild exaggeration and untethered embellishment The image of Marcus cast by the character portrayed by Kirk Douglas in the film version of his life still dominates most evocations of the man for good or ill And these days reactions to the book or film rest mostly on the current headlines rather than the historical context of the struggle in which Marcus died or the events that cast him as a real life player in an event marked by destiny Chasing the Shadow Mickey Marcus s 200 Days of Destiny is the first comprehensive and balanced biography of David Daniel Mickey Marcus a founder of American Civil Affairs and Military Government doctrine and practice and a seminal figure in early Israeli military history Far from merely a tribute to Mickey Marcus s legacy Ossad s work serves as a critical tool for understanding the realities of mid 20th century warfare in a Postwar colonial struggle and the dynamics of U S Israeli military and political relations in 1948 the critical year for Israel s struggle for independence Indeed Chasing the Shadow is a valuable read for those interested in Middle East history Jewish military history and a fascinating character whose story is told in an engaging informative and insightful narrative      **The British National Bibliography** Arthur James Wells,2006
