The Modern Language Association (MLA) provides guidelines for documentation style. This template is based on commonly used guidelines from the MLA Handbook (8th edition). For the most up to date information about MLA style and publications, go to the MLA website at: www.mla.org. In MLA format, titles are centered and written in 12-point, easy-to-read fonts like Times New Roman. The title is not bolded, underlined, or italicized. In addition, MLA format requires double-spacing throughout a document.

In MLA format, quotations with fewer than four lines of prose or three lines of verse are quoted directly in the sentence. These lines must be enclosed in quotation marks, followed by the author's last name and the page or pages of the source from which you are quoting in parenthesis, for example: "inline quotation here" (AuthorLastName 31). Note: The end punctuation follows the parenthesis.

On the other hand, quotations that are longer than four lines of prose or three lines of verse follow different guidelines. These quotations are introduced with a colon:

Start long quotations on a new line. Indent the quote one inch from the left margin. Double-space the lines and omit quotation marks. Reference the source as you would for a shorter quotation. To quickly format a quotation of over four lines or three lines of verse, use the Long quotation style provided in this
