

### EXPLORING THE EPIC INTERFACE

EPIC (Electronic Procurement Information Centre) is a web based application used to purchase goods or services from suppliers. EPIC provides quick & simple access to negotiated pricing using on-line catalogs to help you create electronic requisitions that eliminates paper and reduces the need to copy and file requisitions while fast tracking the procurement process.

### GETTING STARTED WITH EPIC

To access the EPIC tool, you must have claimed your UMNetID. If you already have this, please go to step #2

1. Claim UMNetID at: [www.umanitoba.ca/umidm](http://www.umanitoba.ca/umidm). Choose **Create UMNetID**.
2. JUMP is located at the top right hand corner of the U of M webpage or by going directly to [www.umanitoba.ca/jump](http://www.umanitoba.ca/jump). Scroll to the **Quick Links** section and click on EPIC. This will open a new window and **auto log you into EPIC**.

### NAVIGATION TABS

You can easily customize your dashboards to display only the content items you are interested in, **minimize** or **maximize** their display, or **move** them to different parts on the page. You can also use the **Configure tabs** link in the upper right corner. After clicking that button, you can manage tab content such as **"Revert to Default Settings"** to revert back to the original view. You can use the **drag and drop** feature to plot content information into various dashboard locations to suit your needs. The **"To Do"** and **"My Documents"** content boxes are better utilized as full panel views to view all required action options (see screenshot below).

Paprzycki,1993      **James Fenimore Cooper** ,2021-11-01 Most of the essays in James Fenimore Cooper New Historical and Literary Contexts are either directly or indirectly informed by the need to confront Cooper s tales with the indeterminate historical context from which they arose Others start from the premise that our understanding of Cooper s work can benefit significantly from displacing it from its traditional position in American literary history and by repositioning it in a new literary context What unites all the essays is a commitment to read Cooper s works as culturally encoded documents that both reflect and give us access to the complex equivocal mind that created them This is not to say that the essays share a common critical or methodological approach indeed they were commissioned and selected with the specific intention of applying contending approaches in contemporary literary discourse to the canonical Cooper While the array of critical approaches represented in the book is by no means exhaustive interpretive strategies vary from textual formalistic New Critical readings to old historical contextual readings and from new historical revisionist readings to deconstructive readings Through their critical diversity these essays will cast a new light on Cooper s work in relation to its historical context and on the relevance of Cooper s work to both nineteenth century and modern literary historical and ideological debates
