Ilo, 2019-07-30 There is no papal document that has generated as much interest controversy and debate in recent times as
Pope Francis's *Amoris Laetitia* This document which came out of two very divisive synods of Catholic bishops and leaders in
Rome in 2014 and 2015 will probably be the most discussed document ever produced by a pope in modern Catholicism on
marriage and family life This volume has gathered seminal commentaries on *Amoris Laetitia* by African Catholic theologians
social scientists and pastoral workers They offer African theological and pastoral responses to the principles and practices
proposed by Pope Francis and the Synod on the family on such contested issues as same sex relations divorce and remarriage
and reception and denial of Holy Communion in the church among other divisive issues These important essays and
commentaries show the strengths and weaknesses of this papal commentary and point out the missing link in the global
conversation on marriage family and same sex relations Their argument for the inclusion of African perspectives and moral
traditions in the search for a third way in finding an inclusive and integrated pastoral art of accompaniment is very
compelling The authors here also call for the inclusion of Africa's own unique challenges like polygamy childless marriages
and the impact of migration civil conflict diseases ecological and population crises and the rights of African women in the
global discussion on marriage and family life They also challenge uncritical clichés in world Christianity that Africa's
opposition to same sex marriages or Western propaganda about population or birth control and contraception are
conservative while showing diverse African conversations on these topics in the search for abundant life on this beautiful
continent **Choral & Organ Guide**, 1960 *Marriage Savers* Michael J. McManus, 1994-10 This revised edition features
two new chapters an index and a redesigned interior Intended as a resource for churches and individuals this practical book
