REA's CSET Mathematics test prep is designed to help teacher candidates pass the CSET and get certified to teach secondary school mathematics in California. This Book Online prep pack is perfect for teacher education students and career changing professionals who are seeking certification as California math teachers. In fact, it's a great resource for reviewing mathematics for anyone interested in teaching. Written by a California-based math educator with years of experience teaching and advising future elementary and secondary school math teachers, this new edition is fully aligned with the latest test framework and California's Common Core State Standards. Our in-depth review covers all the content domains and topics tested on the CSET Mathematics exam's three subtests: Subtest I Number and Quantity Algebra; Subtest II Geometry and Probability Statistics; Subtest III Calculus. Examples and exercises reinforce the concepts taught in each chapter. An online diagnostic test based on actual CSET Math exam questions pinpoints strengths and weaknesses and helps you identify areas in need of further study. Two full-length practice tests, one in the book and another online, are balanced to include every type of question on the exam. Our timed online tests feature automatic scoring and diagnostic feedback to help you zero in on the topics and types of questions that give you trouble now so you can succeed on test day. This test prep is a must-have for anyone who wants to become a California math teacher.
