**Private Secondary Schools 2014-2015** Peterson's, 2014-01-09 Peterson's Private Secondary Schools 2014-15 is a valuable resource to help parents and students evaluate and choose from more than 1,100 schools in the United States, Canada, and throughout the world. Featured institutions include independent day schools, special needs schools, and boarding schools, including junior boarding schools for middle school students. Profiles offer detailed information on areas of specialization, location, setting, affiliation, accreditation, tuition, and aid availability. Student body, faculty, academic programs, athletics, computers, and campus technology and admission information. Dozens of in-depth descriptions and displays offer photos of students and school campuses, as well as essential information to help parents find the right private secondary school for their child. Extra Summer Programs section offers additional details on fascinating summer opportunities at private secondary schools.

The Reason for the Darkness of the Night John Tresch, 2021-06-15 Finalist for the Los Angeles Times Book Prize, Finalist for the 2022 Edgar Award, Winner of the 2021 Quinn Award. An innovative biography of Edgar Allan Poe highlighting his fascination and feuds with science. Decade after decade, Edgar Allan Poe remains one of the most popular American writers. He is beloved around the world for his pioneering detective fiction, tales of horror, and haunting atmospheric verse. But what if there was another side to the man who wrote *The Raven* and *The Fall of the House of Usher*? In *The Reason for the Darkness of the Night*, John Tresch offers a bold new biography of a writer whose short, tortured life continues to fascinate. Shining a spotlight on an era when the lines separating entertainment speculation and scientific inquiry were blurred, Tresch reveals Poe's obsession with science and lifelong ambition to advance and question human knowledge. Even as he composed dazzling works of fiction, he remained an avid and often combative commentator on new discoveries, publishing and hustling in literary scenes that also hosted the era's most prominent scientists, semi-scientists, and pseudo-intellectual rogues. As one newspaper put it, Mr. Poe is not merely a man of science, not merely a poet, not merely a man of letters. He is all combined, and perhaps he is something more. Taking us through his early training in mathematics and engineering at West Point and the tumultuous years that followed, Tresch shows that Poe lived, thought, and suffered surrounded by science, and that many of his most renowned and imaginative works can best be understood in its company. He cast doubt on perceived certainties, even as he hungered for knowledge, and at the end of his life delivered a mind-bending lecture on the origins of the universe that would win the admiration of twentieth-century physicists. Pursuing extraordinary conjectures and a unique aesthetic vision, he remained a figure of explosive contradiction; he gleefully exposed the hoaxes of the era's scientific fraudsters, even as he perpetrated hoaxes himself. Tracing Poe's hard and brilliant journey, *The Reason for the Darkness of the Night* is an essential new portrait of a writer whose life is synonymous with mystery and imagination, and an entertaining, erudite tour of the world of American science just as it was beginning to come into its own.

The Good Times Are All Gone Now Julie Whitesel Weston, 2014-10-22 Julie Whitesel Weston left her hometown of Kellogg, Idaho, but

eventually it pulled her back Only when she returned to this mining community in the Idaho Panhandle did she begin to see the paradoxes of the place where she grew up Her book combines oral history journalistic investigation and personal reminiscence to take a fond but hard look at life in Kellogg during the good times Kellogg in the late 1940s and fifties was a typical American small town complete with high school football and basketball teams marching band and anti Communist clubs yet its bars gambling dens and brothels were entrenched holdovers from a rowdier frontier past The Bunker Hill Mining Company the largest employer paid miners good wages for difficult dangerous work while the quest for lead silver and zinc denuded the mountainsides and laced the soil and water with contaminants Weston researched the late nineteenth century founding of Kellogg and her family s five generations in Idaho She interviewed friends she grew up with their parents and her own parents friends miners mostly but also businesspeople housewives and professionals Much of this memoir of place set during the Cold War and post McCarthyism is told through their voices But Weston also considers how certain people made a difference in her life especially her band director her ski coach and an attorney she worked for during a major strike She also explores her charged relationship with her father a hardworking doctor revered in the community for his dedication but feared at home for his drinking and rages The Good Times Are All Gone Now begins the day the smokestacks came down and it reaches far back into collective and personal memory to understand a way of life now gone The company town Weston knew is a different place where Uncle Bunker is a Superfund site and where the townspeople as in previous hard times have endured to reinvent Kellogg not once but twice
