The third edition of this best selling book provides the necessary foundation for successful fine art printing: the understanding of color management, profiling paper and inks. It offers advice on selecting an appropriate printer for long lasting fine art prints, demonstrates how to set up the printing workflow and select a suitable paper for your subject and guides you step by step through the process of converting an image file to an outstanding fine art print. This new edition covers the most recent lines of high end inkjet printers, photo papers and devices for monitor and printer profiling.
