

Of Mice and Men essay by: Demba Ly

"Of Mice and Men" essay on Loneliness is a basic part of human life. Every one becomes lonely once in a while but in Steinbeck's novella "Of Mice and Men", he illustrates the loneliness of ranch life in the early 1930's and shows how people are driven to try and find friendship in order to escape from loneliness. Steinbeck creates a lonely and blue atmosphere at many times in the book. He uses names and words such as the town near the ranch called "Soledad", which means loneliness and the card game "Solitaire" Which means by one's self. He makes it clear that all the men on the ranch are lonely, with particular people lonelier than others. In the opening chapter, Steinbeck introduces the idea of loneliness and men who work on ranches living temporary lives, with no aim in life. Steinbeck uses the setting to convey these ideas. As they were walking along the path, it is described as " a path beaten by hard boys coming down from the ranches to swim in the deep pool, and beaten hard by tramps who come wearily down from the highway in the evening to jungle-up near water" (p.18) This creates a setting and shows how men who work on the ranch have had temporary, isolated and lonely lives. He also writes "an ash-pile made by many fires" (p.18) this shows that many men must have walked through this road to enter a lonely and miserable life, moving from ranch to ranch finding useless work. I think all the people living in the ranch are lonely. This proves this where Steinbeck describes the bunk house where all the workers sleep. "Over each bunk there was nailed an apple box with the opening forward so that it made two shelves for personal belongings of the occupant of the bunk." (p38) The way Steinbeck describes the bunkhouse indicates their lonely lives. Also by only having two shelves for their personal belongings shows their lonely insecure lives.

Friendship in John Steinbeck's "Of Mice and Men" Simon Essig, 2021-06-21 Seminar paper from the year 2010 in the subject English Language and Literature Studies

Literature grade 10 University of Tübingen Amerikanistik course Introduction to Literary Studies language English abstract
The purpose of this essay is to reflect the different dimensions of friendship and discuss from what perspectives the relationship of the two migrant farm workers can be perceived. It juxtaposes different approaches by critics in order to gain a wider understanding of the relevance of friendship in *Of Mice and Men*. This essay's aim is not to deal with the subject thoroughly; however, it emphasizes some important levels of friendship as they are focused in Steinbeck's work. **Creating**

High-quality Classroom Assignments Lindsay Clare Matsumura, 2005. Research indicates that the quality of classroom assignments makes a difference in student learning. Moreover, assignment quality varies between teachers even within the same school, and there is room for improvement in many of the assignments that teachers provide to students. Assignment quality as described in this book puts into practice powerful research-based concepts for teaching. To support teachers in developing, reflecting on, and fine-tuning the assignments they create, this book presents a series of dimensions or rubrics with benchmark examples from elementary, middle, and high school classrooms. The purpose of these rubrics is to serve as diagnostic tools to assess the strengths and weaknesses of an assignment as well as to guide the creation of new assignments for students. Questions also are included at the end of every chapter to guide reflection on a specific dimension of assignment quality. Topics cover: Choosing the right text; Setting clear and rigorous learning goals; Developing an assignment activity that gives students a chance to apply complex thinking skills; Developing clear and rigorous grading criteria; Communicating the expectations for high-quality work to students; Writing high-quality assignment directions; Providing comments that support student revision; Aligning the learning goals with the assignment activity and the grading criteria. Will be useful to teachers for self-assessment purposes, collaborative professional development settings, or as a basic text in teacher education courses.

Resources in Education, 1999. Critical Race English Education Lamar L. Johnson, 2021-11-29. Johnson's visionary and much-needed book is a call for the transformation of English education to embrace rather than reject Blackness. Confronting the context of heightened racial violence against Black youth that continues to sweep across the United States, Johnson illuminates the interconnection between the physical and symbolic violence that unfolds in and outside the classroom and demonstrates the harm this causes to Black youth. Employing an original framework, *Critical Race English Education*, Johnson reveals how English education and ELA classrooms are dominated by eurocentric language and literacy practices and provides a justice-oriented framework that combats anti-Black racism. Throughout the book, Johnson disperses love letters to Blackness, Black culture, and Black people, which serve as actions and practices for positive thinking and self-awareness about Blackness. *Critical Race English Education* is a movement for Black lives. A crucial resource for pre-service ELA teachers, researchers, professors, and graduate students in language and literacy education and sociology of education, this book offers classroom lessons, thematic units, sample activities, and other pedagogical and curricular practices that reconceptualize ELA pedagogies in humanizing ways and cater to the needs of students who come from racially and
