

FRB2/FRB3/FRC1 - Translation commentary

Exam guidelines

As specified in the new exam rubric (see below), candidates will be required to write comments:

The use of machine translators or the copying of published translations is not permitted and will be treated as plagiarism.

"The length of each commentary would be 20-100 words and that students will choose their own words to comment on. The number of words/phrases to be commented on will be 1 per 50 words up to a maximum of 5 words/phrases"

As stipulated above:

- Candidates choose the words or phrases they want to comment on (B2: 5 words/phrases per passage; B3: 4 words/phrases per passage; C1: 5 words/phrases per passage)
- The length of each comment should be 20-100 words.
- Commentaries are to be written in English.

Please note that the commentary will not be marked separately (i.e. the mark you receive will not be an aggregate of two marks).

Tips for writing commentary:

- The point of the exercise is to show that you can identify translation challenges and overcome them.
- The purpose of the commentary is to allow you to reflect in a critical way on the translation decisions you have made.
- Aim for precision and concision. Make sure your justifications are precise and to the point.
- There is no requirement to use specific terminology but you might find it useful to use the glossary the faculty has produced (resources used in class might also be useful).
- Avoid commenting on obvious translation choices (literal translations do not normally require explanation).
- Avoid stating how difficult making a choice was. The point of the commentary is not to justify poor translation choices (select items you are confident about).
- Make sure your commentary deals with a variety of issues (it should not deal solely with lexical issues for instance). The marking criteria stress the importance of selecting a wide range of points: "The translator's note should strive to offer thoughtful solutions for the challenges posed by the passage, addressing a wide range of translation issues (which might include lexis, grammar, register, syntax, genre, style, etc.) in well- selected examples."
- Students may wish to consult Dr Maya Fellei Tomes' lecture recording devoted to the translator's note (uploaded to the Spc1 Moodle page – see Translation into English, LT Session 1; open enrollment/no password required), which offers a number of useful tips in close consultation with the wording of the new marking criteria:
