Vol. 31: Going Film Pro II: The Canon EOS 1N: Standard Edition

Shawn M. Tomlinson, 2018-12-31 In some ways the Nikon F5 is easier to use than the Canon EOS 1N but it is not nearly as elegant There s just something about the way the Canon EOS 1N feels in my hands when I m shooting with it that makes me never want to put it down In that way it reminds me much more of the Nikon F4S than the Nikon F5 Practically since I placed the order for the camera it was inevitable that I would need to write about it If you are seeking the perfect late model film SLR camera you need look no further than the second to last pro level Canon EOS 1N Just load a roll of film take the camera in your hands and start shooting You too will never want to let it go

Retro Camera Buying Guide: Getting Serious About Photography On the Cheap! Expanded and Revised Shawn M. Tomlinson, 2018-04-17 A lot has changed since I wrote and published this first volume of what became this guide series One thing hasn t I still have the same enthusiasm and joy in photography I had way back at the beginning of the series I have a lot more knowledge and experience now and occasionally even get close to taking good photographs That s the thing see I didn t know a lot when I originally wrote this guide I had been working in photography since 1982 professionally Everything I knew pretty much was self taught In general that s still true There s no need for you to do it all by yourself too though This book and this series are meant to help you get going with the basics fast Yes OK I tend to relate my own experiences but that too is meant to help you avoid some basic mistakes I made And perhaps I write in a tad too friendly manner but think of it as sitting down with me to have a friendly talk about a passion we share Photography

more important to image quality than camera bodies So as long as your camera has accurate shutter speeds aperture settings and metering the brand you pick doesn t really have much of an effect upon the final image So then it appears the model camera you choose is irrelevant Well no The type of film SLR camera you choose is most important to you as the photographer in features and convenience Comfort has a lot to do with how good you are as a photographer What I mean by that is that you choose a camera that feels comfortable in your hands and becomes an extension of your brain as a photographer This makes it easier to capture the types of images you want Popular Photography ,1999-09 Popular Photography ,1999-11 **Popular Photography** ,1999-07 **American Photo** ,2003-07 *Popular Photography* ,1999-11 **Photography: Your 2nd DSLR** Shawn M.
