## **Finding God In Suffering A Journey With Job:**

**Finding God in Suffering:** Bruce G Epperly, 2014-12-11 Death Illness Divorce Unexpected Undeserved In this world there is going to be suffering and pain As a person of faith we are not exempt from that undeniable fact What do we do Where is God when the pain is unbearable and the night so long How do we reach out to others with something more than platitudes It has been said that theology begins in the experience of suffering At the very least debilitating suffering challenges our images of success and security and invites us on a quest for something solid and dependable when the foundations of our lives are shaking The book of Job emerges from one person s unexpected encounter with suffering Job seeks God s presence and to find a God he can trust again he must jettison his previous images of God Bruce Epperly

Ruth and Esther Bruce G Epperly, 2016-01-12 How does one read the literature of a patriarchal society in a 21st century context Where can one find good role models for girls and women in the Bible All too often these questions are answered by presenting the answers given by patriarchal society and not by looking for liberating examples It is all too easy to let God s message of setting the captives free ring forth but directed to a limited audience But Ruth and Esther provide strong counter examples of women who had to struggle against the cultural norms in order to live and to do great things for their people All too often these women are excluded from our studies or when included are portrayed as subordinate people But Dr Bruce Epperly pastor father grandfather and theologian sees them as women of agency and adventure resourceful and proactive women in patriarchal cultures But despite being subject to the apparently arbitrary decisions of males with authority both women were agents in their destiny fulfilling their vocations in their particular culture If you are a Christian pastor or teacher you owe it to those in your circle of influence to let them experience these two Bible books in new ways to see them as liberating documents that let everyone know that God doesn t exclude them From these women of agency and adventure those who find themselves excluded from power can find encouragement to stand up and be the persons of agency and adventure that God created them to be no matter what restrictions others have placed upon them Process Theology and

Healing Bruce G. Epperly, 2023-12-05 Religious and spiritual healing practices are often seen as a show in which a healer claims to physically cure someone through actions or words These healings mostly fail In this booklet the third of three that integrate process theology with contemporary spiritual life and activity Bruce Epperly presents a very different view of healing He calls for a healing ministry but one that finds God in all things and uses scientific medicine healing ritual practices and prayer in concert sometimes for spiritual healing but also for a way to live out the challenge of illness to face death with dignity and yes sometimes for a cure that appears miraculous He applies these healing practices not just to human beings but to all life and to the planet we live on Healing is not the province of a few calling on supernatural forces Rather it is a cooperation with the energies God has placed in the universe Rather than supernatural it is more natural than anything Epperly is a specialist in bringing difficult concepts to life for everyone He combines that skill with the short format

of the Topical Line Drives series to present a call for all of us to be healed and to become healers as part of God's call to life and light. This book may well be the call you need to hear to find wholeness Shalom in your life and your relationships to others and this world. *Jonah* Bruce G Epperly, 2016-08-29 What if someone you thought you knew very well started behaving strangely? What would you do? Now suppose the person acting strange was God. Jonah thought he knew God. In fact, he was a prophet. He knew he heard God's voice. Life might have its difficulties, but no matter what happened, he could count on his God. Then one day God started saying things he couldn't possibly mean. What would you do if God commanded you to do something you knew couldn't possibly be done? What if God commanded you to do something you definitely did not want to do? How would you preach if you hoped people wouldn't listen? Jonah faced these problems. In his story, many of us can find answers to those times when it's hard to discern the right path. This book is suitable as a guide to studying the book of Jonah, whether as an individual or a small group. It could also be a guide for a challenging sermon series. *From Valley to Victory: A Biblical Journey Through Anxiety and Depression* T.S.Burris, 2025-08-24 In a world where anxiety and depression affect millions, many Christians struggle to reconcile their faith with their mental health challenges. *Overcoming Anxiety Depression from a Biblical Perspective* offers hope, healing, and practical guidance for those walking through the valley of mental health struggles. Romans 5:3-5 **Why Doesn't God Do Something?** Ronald Higdon, 2017-12-01 Through the course of over fifty-five years of pastoral ministry, many have come to me with aching hearts and burning questions. It had nothing to do with abandoning

their faith but everything to do with finding a place in that faith for the kinds of questions that would not go away With the gentleness of a pastor and the unblinking look of a theologian Dr Ron Higdon takes the reader through the questions we all want and need to ask and gives them a thorough scrutiny Join him in the discussion      **Finding the Strength** Dave Powers,2007-10-28 If you have ever experienced a loss if you have ever faced overwhelming circumstances if you have ever felt you just don't have the strength to go on Finding The Strength is worth reading The author takes us on a journey with Job a man familiar with suffering and reveals the way out of the wilderness of bitterness and resentment Finding The Strength is a book worth sharing      **Seeking God Together** Alice Fryling,2009-10-20 Experienced spiritual director Alice Fryling presents an overview of what group spiritual direction is and how it is practiced offering practical step by step guidance for those who would like to start lead or participate in group spiritual direction      *Suffering and God's Redemptive Love* Parrish W. Jones,2014-05-01 Suffering and God's Redemptive Love resulted from conversations Dr Jones had with his wife during her final painful days of dying from cancer Through the Bible they were able to find redemption in the midst of the suffering Jones emphasizes the Jewish Christian theme of Immanuel God with us the Christian theme of incarnation Jones brings out the grand narratives of the biblical literature focusing on personal suffering and God's engagement with us in our suffering to deal with the common conceptions of why people suffer how Job shatters those views the way in which God comes to us suffers with us suffers for us and takes us beyond suffering The final chapter deals with God's Redemptive Love and Ministry to the Suffering seeking to give practical application of the themes of the book Jones added an Epilogue dealing with suffering communities based on his engagement with persons living in extreme poverty in Mexico and Colombia growing out of the testimonies of the people      **CHRISTIAN LIFE COACHING** Kit H. Lui,2024-01-15 Thank you for taking the time to read this book This book Christian Life Coaching The Intersection of Faith Psychology and Life Coaching and Overcoming ADHD and OCD has been a labor of love for me It represents my metaphorical personal journey of overcoming my mental disabilities by integrating Christianity psychology and life coaching as holistic resources It was an exploration of intellectual curiosity spiritual faith and desire to unify these three areas of knowledge for practical use for Christians For much too long these three areas of expertise developed separately and it took recent academia to explore these themes as an interdisciplinary approach This book is for Christians and non Christians to use as a guide explanation and practical tool to overcome ADHD and OCD specifically and generally to achieve personal transformation and growth as humans living our time in this world as material beings Hopefully the discussion will be persuasive for both Christians and the secular world of cognitive behavioral psychology I am not an expert in Christian theology nor in pastoral counseling nor a clinical psychologist nor a professional psychiatrist What I know is what happened to me on my personal journey to overcome ADHD and OCD I was seeking intellectual justification for what worked for me I hope this will be useful for the reader of my book However this theory or life coaching practice has not been tested scientifically nor in any quantifiable experiments We leave this task for

further research I am a practicing lawyer with over 25 years of experience in private law practice in Canada and as in house legal counsel for Hong Kong companies I am a Christian and have been since 2011 My interest slowly moved in the direction of life coaching as an outlet for my frustrations as a lawyer We tend to give legal and business advice in a rational manner However I saw that myself clients and corporate stakeholders that I dealt with needed something special and not necessarily legal solutions for their business and personal problems This solution is related to their holistic personalities which became clearly visible under stress and personal conflict I knew that lawyers by training were not equipped nor should they be with life coaching tools from a Christian perspective Thus I thought the answer would be to categorize it as a new discipline or profession called Christian Life Coaching In my exploration and pursuit of writing this book I can across the idea of using Artificial Intelligence AI to research and seek answers to our questions on Christian life coaching and how AI can be used as a tool to assist clients I started to use the POE app readily available in app stores to assist in the writing of this book Much of the content is taken from my KitlulifeBot on POE I created this Bot from the perspective of a Christian life coach reflecting some of the principles described in this book Please feel free to explore on your own In fact the attached Appendices are a product of such questions directed to KitLuiLifeBot and is useful for common questions to ask a Christian life coach I hope this book will transform your life make you a stronger Christian and help you to deal with bad habits learned in your past This is a lot to expect so be patient and I hope the journey is worth the effort I know this book has helped me my colleagues Christian brothers secular friends and clients As a Christian life coach I have observed that the intersection of faith psychology and life coaching holds immense potential for transformation and healing Through the combination of these three elements individuals can experience holistic growth and align their lives with God s purpose Firstly it is crucial to acknowledge that Christian life coaching is not limited to a denominational categorization but encompasses all those who profess their faith in God Jesus and the Holy Spirit This inclusive approach allows for a diverse range of individuals to benefit from the guidance and support offered by a Christian life coach One of the key aspects emphasized in Christian life coaching is the centrality of God By making God the focus of coaching individuals are guided towards aligning their lives with His will and experiencing His transformative power This approach acknowledges that human goals dreams aspirations and gifts often come from God and can be aligned with His purpose Moreover Christian life coaching recognizes the importance of integrating psychological insights with biblical teachings This integration allows individuals to gain a deeper understanding of themselves navigate their emotions and develop effective coping mechanisms By critically evaluating and integrating psychological approaches with biblical principles individuals can find healing and transformation Creating a safe and non judgmental space is also essential in Christian life coaching By actively listening empathizing and offering support based on both psychological insights and biblical principles life coaches can facilitate individuals inner exploration and healing journey Encouraging clients to rely on the power of prayer seek solace in scripture and incorporate spiritual practices further

enhances their healing process As Christian life coaches we strive to model authenticity and transparency in our own faith journey Sharing our personal experiences of relying on God s guidance and seeking His healing can inspire and encourage clients to deepen their own faith and trust in God In conclusion Christian life coaching at the intersection of faith psychology and life coaching offers a transformative and holistic approach to personal growth By integrating psychological insights with biblical principles relying on prayer and scripture and creating a safe space for individuals to explore their inner struggles Christian life coaches guide clients towards true healing and transformation This unique combination enables individuals to align their lives with God s purpose and experience the abundant life He desires for them Also I would like to briefly describe what this book does not do for the general reader Mostly this is the author s personal narrative and journey of overcoming mental disabilities through the integration of Christianity psychology and life coaching Hopefully my experiences and insights will help others on their own transformational paths The purpose of this book is not to provide scientific evidence and research to support the theories and practices discussed in the book We will leave this task to others who are more capable than me in this area of expertise 13
