Hobohemia and the Crucifixion Machine Todd McCallum,2014-12-28 In the early years of the Great Depression thousands of unemployed homeless transients settled into Vancouver s hobo jungle The jungle operated as a distinct community in which goods were exchanged and shared directly without benefit of currency The organization of life was immediate and consensual conducted in the absence of capital accumulation But as the transients moved from the jungles to the city they made innumerable demands on Vancouver s Relief Department consuming financial resources at a rate that threatened the city with bankruptcy In response the municipality instituted a card control system no longer offering relief recipients currency to do with as they chose It also implemented new investigative and assessment procedures including office spies to weed out organizational inefficiencies McCallum argues that threatened by this ungovernable society Vancouver s Relief Department employed Fordist management methods that ultimately stripped the transients of their individuality Vancouver s municipal government entered into contractual relationships with dozens of private businesses tendering bids for meals in much the same fashion as for printing jobs and construction projects As a result entrepreneurs clamoured to get their share of the state spending With the emergence of work relief camps the provincial government harnessed the only currency that homeless men possessed their muscle This new form of unfree labour aided the province in developing its tourist driven image economy as well as facilitating the transportation of natural resources and manufactured goods It also led eventually to the most significant protest movement of 1930s Canada the On to Ottawa Trek Hobohemia and the Crucifixion Machine explores the connections between the history of transiency and that of Fordism offering a new interpretation of the economic and political crises that wracked Canada in the early years of the Great Depression

source documents along with a comprehensive chronology and extensive bibliography **Black Hills National Forest (N.F.), Telegraph Project Area, Lawrence and Pennington Counties** ,2009 *I Love Him* Zachary Hinson,2024-08-06

I Love Him by Zachary Hinson is a deeply touching and complex narrative that delves into the turbulent waters of adolescence identity and the quest for acceptance The protagonist Caleb is a young man who boldly navigates the often harsh landscape of high school while embracing his identity as an openly gay individual His journey is marred by bullying and the pervasive struggle for acceptance both from his peers and within himself Amid these challenges the story shines a light on the strength found in vulnerability and the transformative power of genuine friendships particularly highlighting the unwavering support from Caleb s friend Jacob This novel artfully explores the intricate dynamics of relationships the painful yet hopeful path to self discovery and the profound impact of standing in one s truth Zachary Hinson s *I Love Him* is not just a narrative about growing up it s a resonant exploration of the courage it takes to face the world authentically and the poignant search for love and acceptance in a world that often seems unforgiving **The Complete Car Cost Guide, 1998** Steven Gross,Kristina Clson,Kristina Olson,Vincent Mendolia,1998-02 **The Oxford Handbook of Music Revival** Caroline Bithell,Juniper Hill,2014-06-26

Revival movements aim to revitalize traditions perceived as threatened or moribund by adapting them to new temporal spatial and social contexts While many of these movements have been well documented in Western Europe and North America those occurring and recurring elsewhere in the world have received little or no attention Particularly under analyzed are the aftermaths of revivals the new infrastructures musical styles performance practices subcultural communities and value systems that grow out of these movements The Oxford Handbook of Music Revival fills this gap and helps us achieve a deeper understanding of how and why musical pasts are reimagined and transfigured in modern day postindustrial postcolonial and postwar contexts The book s thirty chapters present innovative theoretical perspectives illustrated through new ethnographic case studies on diverse music and dance cultures around the world Together these essays reveal the potency of acts of revival resurgence restoration and renewal in shaping musical landscapes and transforming social experience The book makes a powerful argument for the untapped potential of revival as a productive analytical tool in contemporary global contexts With its detailed treatment of authenticity recontextualization transmission institutionalization globalization the significance of history and other key concerns the collection engages with critical issues far beyond the field of revival studies and is crucial for understanding contemporary manifestations of folk traditional and heritage music in today s postmodern cosmopolitan societies **Truck Nuts** Kent Sundling,Andre Smirnov,2016-09-27
