Neglected Scorsese Phillip Sipiora, Gary D. Rhodes, 2025-09-18 This collection examines over a dozen of Martin Scorsese's most overlooked works including the television shows music videos television commercials and feature films that have been largely ignored by film critics and or the moviegoing public From After Hours 1985 and New York Stories 1989 to Il Mio Viaggio 1999 The Age of Innocence 1993 and The Aviator 2004 Neglected Scorsese reclaims the director's less appreciated works giving them the respect and attention they deserve Scorsese is one of the finest directors in film history Of all New Hollywood directors he remains the most active the most indispensable the most new not only changing with the times but changing the times through the magnitude of his work Without Scorsese's gangster films the global gangster genre would not be the same nor anywhere near as accomplished and without his filmography the entirety of American cinema would be greatly diminished The purpose of this book is not about bringing more attention to Scorsese the director or to his most notable films Rather it argues that Scorsese's lengthy career has produced individual works that have been neglected even while others have been lauded Neglected in this collection is defined as those Scorsese films that were underappreciated by mainstream critics by mainstream audiences by scholars or by any combination of the three Further the book's focus goes beyond feature films as Scorsese has directed shorts music videos television programs and TV commercials There is intrinsic value in these film forms just as there is value in the analysis of those Scorsese directed

Narrating the Slave Trade, Theorizing Community Raphaël Lambert, 2018-12-24 In Narrating the Slave Trade Theorizing Community Raphaël Lambert explores the notion of community in conjunction with literary works concerned with the transatlantic slave trade The recent surge of interest in both slave trade and community studies concurs with the return of free market ideology which once justified and facilitated the exponential growth of the slave trade The motif of unbridled capitalism recurs in all the works discussed herein however community whether racial political utopian or conceptual emerges as a fitting frame of reference to reveal unsuspected facets of the relationships between all involved parties and expose the ramifications of the trade across time and space Ultimately this book calls for a complete reevaluation of what it means to live together
