National Library of Medicine (U.S.)

Leifer Introduction To Maternity And Pediatric Nursing Study Guide Answers:

Study Guide for Introduction to Maternity and Pediatric Nursing - E-Book Gloria Leifer, 2015-01-29 Leifer's Study Guide for Introduction to Maternity and Pediatric Nursing is a rich resource that enhances your comprehension and application of material from every chapter of the textbook. With a variety of learning activities, critical thinking exercises, case studies, and review questions, this study guide reinforces your mastery of the essential maternity and pediatric nursing concepts and skills you need to pass the NCLEX PN Examination and succeed in your nursing career. NCLEX exam style multiple choice review questions at the end of each chapter test basic chapter knowledge as well as ask for appropriate nursing actions, what the nurse should expect in terms of medical care of the patient, and what complications the patient is at risk of developing. Case Studies and Applying Knowledge activities provide additional opportunities to apply learned information to clinical care. Thinking Critically activities require you to apply what you've learned in the textbook to new situations and draw conclusions based on that knowledge. Learning activities include matching, labeling, and completion exercises to help you learn basic concepts of maternity and pediatric nursing. Crossword puzzles in selected chapters are a nice way to change up the format when testing comprehension of terms and concepts. Answer key is located on the student's Evolve website. Several Thinking Critically sections and case studies with critical thinking questions have been added. Alternate item format questions are included in the review questions for the NCLEX Examination.

Study Guide for Introduction to Maternity & Pediatric Nursing - E-Book Gloria Leifer, 2013-06-21 Master key concepts and apply them to your nursing practice. Corresponding to the chapters in Introduction to Maternity Pediatric Nursing 6th Edition by Gloria Leifer RN MA CNE, this study guide reinforces your understanding of essential concepts and skills. It offers the preparation you need to pass the NCLEX Examination and succeed in your nursing career. Features include Learning activities, Case studies with critical thinking questions, Thinking Critically scenarios, Applying Knowledge exercises, Review questions, Crossword puzzles. Several Thinking Critically sections and case studies with critical thinking questions have been added. Alternate item format questions are included in the review questions for the NCLEX Examination.

Leifer's Introduction to Maternity & Pediatric Nursing in Canada - E-Book Lisa Keenan-Lindsay, Gloria Leifer, 2023-09-23 Gain a solid foundation in Canadian maternity and pediatric nursing. Written in a clear, concise, user-friendly style, Leifer's Introduction to Maternity and Pediatric Nursing in Canada 2nd Edition includes Canadian statistics, terminology, references, guidelines, resources, Canadian nursing best practices, assessments, and more. It's organized by developmental stages and includes discussions of pediatric disorders by body system, from simple to complex, and health to illness. With a rich focus on family health, this text contains review questions for certification exams, case studies, and numerous other helpful features to give you the tools you need to successfully care for patients within the Canadian social and institutional context.

Introduction to Maternity and Pediatric Nursing - E-Book Gloria Leifer, 2014-10-01 Part of the popular LPN Threads series.

Introduction to Maternity Pediatric Nursing provides a solid foundation in obstetrics and pediatric nursing. An easy to follow organization by developmental stages, discussion of disorders by body system from simple to complex and health to illness and a focus on family health make it a complete guide to caring for maternity and pediatric patients. Written in a clear concise style by Gloria Leifer MA RN, this edition reflects the current NCLEX test plan with additional material on safety, health promotion, nutrition and related psychosocial care. It provides clinical information and insights in a concise, structured and informative way that encourages critical thinking. Reviewed by Kim Shrieves on behalf of Nursing Times April 2015. Concise yet comprehensive content is presented within the scope of practice for the LVN/LPN but with sufficient depth to facilitate students in a ladder program, allowing them to be successful with the ADN program requirements for the specialties. Step by step procedure lists throughout the text help you master important maternity and pediatric nursing processes with Skills Performance Checklists available on the Evolve website. Nursing Care Plans with Critical Thinking Questions reinforce the nursing process and strengthen problem solving skills as applied to maternity nursing. Logical organization of content from simple to complex and health to illness makes locating and accessing information easy. Key terms with phonetic pronunciations and text page references help improve terminology and language skills of English as a Second Language (ESL) students and students with limited proficiency in English before they enter clinical practice. Health Promotion boxes emphasize the importance of family centered care, health promotion and illness prevention, women's health issues and growth and development of child and parent to help you understand and teach wellness and disease prevention to patients in your care. Nutrition content highlights the importance of proper nutrition for women before, during and after pregnancy for those who are breastfeeding as well as critical information about the nutrition needs and problems of newborns, infants and children. Nursing Tips throughout provide pertinent information applicable in the clinical setting that reinforces what you have just learned while building on previously learned information. NEW! Unfolding case studies with illustrations follow first time parents Tess and Luis throughout the stages of pregnancy and birth of their twins with a series of critical thinking questions. NEW! Updated NCLEX exam style review questions have been revised to a higher cognitive level to better reflect the NCLEX examination. NEW! Expanded coverage of bioterrorism and natural disasters better reflects the evolving role of the nurse in disaster situations. NEW! Enhanced appendix includes Pediatric Lab Values for quick and easy reference.
