Microeconomics 13th Canadian Edition:

The Microeconomics Anti-Textbook Rod Hill, Tony Myatt, 2021-12-02 Mainstream textbooks present economics as an objective science free from value judgements The Microeconomics Anti Textbook demonstrates this to be a myth one which serves to make such textbooks not only off puttingly bland but also dangerously misleading in their justification of the status quo and neglect of alternatives In this fully updated and expanded edition of their celebrated book Professors Rod Hill and Tony Myatt lay out the essentials of each topic in the standard texts in a clear and concise way before presenting an anti text analysis and critique Challenging the assumptions arguments and models Hill and Myatt provide the essential guide to decoding the textbooks and show that real economics is far more interesting and subversive than the simplistic version presented to students *Canadian Books in Print. S. Ragan, Richard G. Lipsey, 2013-01-01 Philosophy of Sex and Love Patricia Marino, 2019-03-13 Writing for non specialists and students as well as for fellow philosophers this book explores some basic issues surrounding sex and love in today's world among them consent objectification non monogamy racial stereotyping and the need to reconcile contemporary expectations about gender equality with our beliefs about how love works Author Patricia Marino argues that we cannot fully understand these issues by focusing only on individual desires and choices Instead we need to examine the social contexts within which choices are made and acquire their meanings That perspective she argues is especially needed today when the values of individualism self expression and self interest permeate our lives Marino asks how we can fit these values which govern so many areas of contemporary life with the generosity caring and selflessness we expect in love and sex Key
