Midlands State University Admissions:

Theatre and Performance in the Neoliberal University Kim Solga, 2019-11-21 Exploring how educators and institutions might embrace the STEAM turn to ensure that theatre and performance can be instrumental to the neoliberal university without being instrumentalized by it this volume showcases alternative models for teaching and learning in theatre and performance in a neoliberal age Originally a special issue of *Research in Drama Education* this volume foregrounds the above ideas in six principal articles and provides a range of potential models for change in twelve case study discussions Detailing a variety of best practices in theatre and performance education contributors demonstrate how postsecondary educators around the world have recentred drama and performance by collaborating with STEM side faculty using theatre principles to frame and support interdisciplinary learning and working toward important applications beyond the classroom Arguing that the neoliberal university needs theatre and performance more than ever this valuable collection emphasizes the critical contribution which these subjects continue to make to the development of students staff and institutions This book will be of particular interest to students researchers and librarians in the fields of Theatre Studies Performance Studies Applied Theatre Drama in Education and Holistic Education *2012-2013 College Admissions Data Sourcebook West Edition* ,

2012-2013 College Admissions Data Sourcebook Midwest Edition , *Language Policy and Planning in Universities* Anthony J. Liddicoat, 2018-10-18 In a world where higher education is increasingly internationalised questions of language use and multilingualism are central to the ways in which universities function in teaching research and administration Contemporary universities find themselves in complex linguistic environments that may include national level language policies local linguistic diversity an internationalised student body increasing international collaboration in research and increased demand for the use and learning of international languages especially English The book presents a critical analysis of how universities are responding these complexities in different contexts around the world The contributions show that language issues in universities are complex and often contested as universities try to negotiate the national and the international in their work In some contexts universities language policies and the ways in which they are implemented may have a negative impact on their ways of working In other contexts however universities have embraced multilingualism in ways that have opened up new academic possibilities for staff and students Collectively the chapters show that universities language policy and planning are a work in progress and that much further work is needed for universities to achieve their language goals This book was originally published as a special issue of *Current Issues in Language Planning* **2010-2011 College Admissions Data Sourcebook West Edition** , 2010-09 *Army* , 1984 **Commonwealth Universities Yearbook** , 2006 **Mapping research and innovation in the Republic of Zimbabwe** Lemarchand, Guillermo A., Schneegans, Susan, 2014-08-11 **Rebuilding Higher Education Systems Impacted by Crises: Navigating Traumatic Events, Disasters, and More** Kayyali, Mustafa, 2024-04-05 The resilience and adaptability of higher education

systems are under unprecedented strain From natural disasters to pandemics and economic crises to political turmoil universities and colleges worldwide have grappled with a myriad of crises that disrupt their core missions of teaching research and community engagement As we find ourselves at the crossroads of these tumultuous times the imperative to reconstruct and revitalize higher education systems becomes increasingly evident **Rebuilding Higher Education Systems Impacted by Crises Navigating Traumatic Events Disasters and More** is a pioneering work that addresses the critical issues surrounding the restoration of higher education systems in the wake of various crises This book serves as a roadmap for educators administrators policymakers and stakeholders who share a commitment to preserving and advancing higher education even in the face of adversity The 21st century has witnessed a rapid escalation in the frequency and severity of crises affecting higher education institutions These crises span from the abrupt shift to online learning necessitated by the COVID 19 pandemic to the enduring ramifications of climate change on campus infrastructure Additional factors such as financial pressures evolving demographics and the ever changing technological landscape further complicate the challenge This book embarks on a deep exploration of these challenges and offers practical solutions making it an indispensable resource for anyone vested in the future of higher education

Legal pedagogy, practice and curriculum

transformation: What does the future hold and look like? Charles Maimela ,2025-07-18 In an era marked by rapid technological innovation and complex socio political shifts legal education stands at a critical crossroads This timely publication explores the imperative for a curriculum that is both responsive and resilient capable of adapting to the evolving needs of students institutions and society at large Blending theoretical analysis with practical insight the book offers forwardthinking strategies to navigate the multifaceted challenges of curriculum transformation Drawing on the lived experiences and reflections of law educators across diverse institutions it provides a unique lens into how curriculum innovation can enhance teaching learning and research in the legal academy More than a commentary this book is a call to action a vital resource for educators academic leaders and policymakers committed to ensuring the continued relevance excellence and social responsiveness of legal education in the 21st century

Global Health Essentials

Mario C. B. Raviglione,Fabrizio Tediosi,Simone Villa,Núria Casamitjana,Antoni Plasència,2023-09-07 This practical and handy textbook offers a succinct yet comprehensive overview of the main challenges issues and solutions in global health in relation to the UN s Sustainable Development Goals SDG 2030 agenda Subdivided into 11 parts devoted each to a macro topic the book opens with an introduction to Global Health followed by an overview of the global burden of disease from child and maternal health to communicable and non communicable diseases The authors further examine the social determinants of health health systems features as well as innovations governance and methods in Global Health In consideration of the emerging discussions and ideas and beyond the more traditional and essential elements of global health the book also looks at the need to re think the whole concept of global health and the importance of a decolonized approach that engages low and lower

middle countries fully One entire part is then devoted to analyzing the major threats to the health of humanity such as climate change the need for an ecological approach to health including One Health approaches and ultimately planetary health Written by an international panel of more than 100 experts this manual will be an excellent resource for students in a broad range of disciplines from medicine and other scientific studies to economics social science anthropology and international relations Pragmatic and reader friendly it will further be a valuable tool for policymakers program implementers and those wishing to build knowledge on the meaning principles and practices of global health Patterson's American Education Homer L.
