**Shakespeare's Tragic Form** Robert Lanier Reid, 2000 Since about 1960 when five act division in Shakespeare's plays was strongly disputed most critics have focused on individual scenes rather than holistic form This book argues for Shakespeare's use of five acts arranged in three cycles to form a 2 1 2 pattern It also examines the role of multiple plots and centers of consciousness especially in the festive comedies and romances Additionally it traces Shakespeare's gradual mastery of the art of epiphany compares it to Spenser's complementary focus on transcendent reality and traces in Macbeth the dark mode of Shakespeare's dramaturgical pattern

**Passion for Place Book II** Anna-Teresa Tymieniecka, 2013-06-29 Among the multiple subliminal passions that inspire our life in innumerable ways literature shows us one that seems to play a particularly penetrating role in human concerns This passion which Tymieniecka calls an esoteric passion finds its projection and crystallization in space it is the esoteric passion for space This subliminal passion investigated through literature allows the philosopher to reach beneath the fallacious separations of nature humanness and the cultural world restoring the wholeness of experience that has become lost in the artificial one sidedness of contemporary approaches confined to language as they are The elemental passion for place is investigated here in the literary fruits of creative imagination Unravelling from the very depths of the primogenital onto poietic unfolding of life the passion for place is revealed as projecting into the flux of life it is a station of life significance This collection presents papers from two conferences of the International Society of Phenomenology and Literature held in Cambridge MA in 1993 4 **A**

**The Life and Letters of William Sharp and "Fiona Macleod". Volume 2: 1895-1899** William F. Halloran,2020-04-14 What an achievement It is a major work The letters taken together with the excellent introductory sections so balanced and judicious and informative what emerges is an amazing picture of William Sharp the man and the writer which explores just how fascinating a figure he is Clearly a major reassessment is due and this book could make it happen

Andrew Hook Emeritus Bradley Professor of English and American Literature Glasgow University William Sharp 1855 1905 conducted one of the most audacious literary deceptions of his or any time Sharp was a Scottish poet novelist biographer and editor who in 1893 began to write critically and commercially successful books under the name Fiona Macleod This was far more than just a pseudonym he corresponded as Macleod enlisting his sister to provide the handwriting and address and for more than a decade Fiona Macleod duped not only the general public but such literary luminaries as William Butler Yeats and in America E C Stedman Sharp wrote I feel another self within me now more than ever it is as if I were possessed by a spirit who must speak out This three volume collection

brings together Sharp's own correspondence a fascinating trove in its own right by a Victorian man of letters who was on intimate terms with writers including Dante Gabriel Rossetti Walter Pater and George Meredith and the Fiona Macleod letters which bring to life Sharp's intriguing second self With an introduction and detailed notes by William F Halloran this richly rewarding collection offers a wonderful insight into the literary landscape of the time while also investigating a strange and underappreciated phenomenon of late nineteenth century English literature It is essential for scholars of the period and it is an illuminating read for anyone interested in authorship and identity
