Spiritual Growth Al Danks, 2021-09-01 Spiritual growth is the change and growth of the spiritual nature of our being It involves spiritual transformation and growth to maturity and completion Spiritual maturity has two key characteristics discernment and self control Discernment is necessary for self control When we are spiritually mature we will no longer be infants tossed about by deception And he gave the apostles the prophets the evangelists the shepherds and teachers to equip the saints for the work of ministry for building up the body of Christ until we all attain to the unity of the faith and of the knowledge of the Son of God to mature manhood to the measure of the stature of the fullness of Christ so that we may no longer be children tossed to and fro by the waves and carried about by every wind of doctrine by human cunning by craftiness in deceitful schemes Ephesians 4 11 14 The mature person has their senses trained to discern both good and evil Solid food is for the spiritually mature the person who by constant use has trained their senses to discern good from evil Hebrews 5 14 So spiritual growth involves the transformation to a new way of discerning and the maturation of that new way A spiritually mature person has self control If anyone does not stumble in what he says he is a spiritually mature man able also to bridle his whole body James 3 2 So spiritual growth also involves the transformation to a new way to control ourselves and the maturation of that new way A spiritually mature person has all of the spiritual attributes necessary for life and godliness Spiritual growth involves the addition and maturation of those attributes To grow spiritually we must do two things We must sever our connection with the flow of corruption that sustains and strengthens our corrupt spiritual nature We must form a continuous eternal connection with the flow of incorruptibility that will form sustain and strengthen a new spiritual nature in us **The Basic Bible Pocket Guide** Jim George, 2016-01-01 From longtime bestselling author Jim George a concise simple easy to remember survey of each book of the Bible in a highly portable format The Basic Bible Pocket Guide offers two outstanding benefits A straight to the point summary of each book in God s Word and a panoramic overview of all

**The Book of Romans** Arch Bishop D.A. Miller, D.D. Ph.D.,2012-02-11 Paul addressed the Book of Romans to both Jews and Gentiles even though Rome was primarily a Gentile city Therefore it is reasonable to conclude that most believers in the churches at Rome were Gentiles The reason that this was important is that the Judaizers continued to infiltrate the local churches and Paul was determined to stop their false message of adding law keeping to grace from taking root and to demonstrate that the Gospel is for all Jews and Gentiles     *Faith: Security and Risk* Richard W. Kropf,2003-06-20 Is faith a search for security Is faith the reason for taking risks The answer to these questions will ultimately determine the quality of

our faith whether it will be a faith that flourishes and grows or a faith that is stunted and limited Author Richard Kropf analyzes these faith choices with a unique approach He combines the psycho dynamics of Viktor Frankl the faith analysis of Avery Dulles and the faith stages researched by James Fowler to provide a provocative foundation for understanding our spiritual life Kropf then takes us through each faith level and highlights the challenges and pitfalls along the way He covers the broad range of topics from compulsive religious behavior fundamentalism and various enthusiasms to adolescent and mid life crises of faith and the risks of trying to achieve sainthood Faith Security and Risk is ideal for pastors spiritual directors and professional counselors and is particularly designed to complement spiritual workshops and retreats Each chapter ends with a series of questions that provide excellent stimulus for small group discussion as well as personal reflection This book has also proved most helpful for college professors as an excellent text for their students seeking to understand their own faith struggles

*Unlocking the Book of Hebrews* Annang Asumang,2008-02-01 While the intensely captivating language of the Epistle to the Hebrews may stir and invigorate modern New Testament readers to renewed spiritual energy readers often remain clueless as to the book s overall theme and message Despite the tendency for preachers to use various verses of the book of Hebrews as proof texts few preachers today systematically expound the passages of Hebrews so that its general thesis is more clearly understood so that it is practically applied for daily Christian living and witness The different proposals about the epistle s uniting argument have not resulted in scholarly consensus neither have they diminished the common impression about the epistle s difficulty For such an important book of the Bible given that the book of Hebrews skillfully bridges our understanding of the two testaments into one whole such a situation is

to say the least unsatisfactory The Epistle to the Hebrews utilizes the language of spaces in its expositions and the language of movement in its exhortations with powerful rhetorical effects yet few studies have attempted to analyze the book from this perspective In this study Asumang employs models from the interdisciplinary social science investigative methodology of spatiality to analyze Hebrews He demonstrates that the author of Hebrews interpreted the migrating camp of the Israelites in the wilderness depicted in the book of Numbers through a Christ tinted lens and that the Hebrews writer applied these lessons to the grave pastoral condition of his congregation When examined from this perspective the Epistle to the Hebrews proves to be a most potent recipe for spiritual formation and Christian discipleship today

**Salvation by Faith** Hyonam Kim, 2019-10-07 The doctrines of covenant faith and the order of salvation are crucial components of early modern Reformed

soteriology In seventeenth century England these three major doctrines of Reformed theology which had been taken over undeveloped from the Reformers took a mature shape but aroused controversies among diverse Protestant groups Modern historical scholarship on Reformed orthodoxy has produced little significant research that deals with these doctrines synthetically This examination explores the broader role of faith in relation to these two significant doctrines for salvation in the early modern Reformed theology with specific reference to the thought of Thomas Goodwin To this end Hyo Nam Kim examines Goodwin s life to review his religious experience and to understand his socio theological context Goodwin s soteriology was sharpened by his battles on two fronts The first is the threat of Arminian Neonomian and Socinian soteriologies that tended to place meritorious value on faith and on human acts The second is the Antinomian errors that undervalued faith and human responsibility Goodwin regarded faith as a key concept for his soteriology Faith plays a central role in the covenant theology not only because a lack of faith was the immediate cause of breaking the covenant of works but because saving faith was ordained in the covenant of redemption and actually functions in the covenant of grace as the instrument and a condition for the recovery of the relationship of mankind with God Examination of Goodwin s ordo salutis provides specific insight into the place and function of faith in the covenant of grace since each element of an ordo salutis refers to the blessings prepared for the elect to be finally saved Together with the role of faith in Goodwin s covenant theology therefore the reconstruction of Goodwin s ordo salutis and the close examination of the role of faith in each blessing confirm that although faith may be said to be both an instrument and a condition for salvation faith is the perfect instrument both for making salvation totally God s gracious work and for showing that the elect are not passive objects in the covenant
